Figma	User Testing
Adobe Suite	Accessibility
Sketch	User Interviews
Invision	Prototyping
Validately	WCAG
Qualtrics	HTML/CSS

Experience

LenelS2 UX Design & Research Co-op

May 2019 - December 2019

Worked within a small team to conduct user testing on and provide designs for an access control company's flagship products.

Led interface design and analysis within multiple teams, maintaining an established design system and collaborating closely with both local and international engineers.

Advocated for accessibility, conducting WCAG audits and screenreader tests to provide actionable insights for universal usability.

EdX TA for Design Thinking Courses

March 2019 - July 2019

Graded assignments and moderated forums in online design thinking courses. Provided detailed feedback for all submissions to promote learning and retrospection.
