## Supply Agreement with Large Producer of Australian Organic Honey

EVE Investments (ASX:EVE), an ASX-listed technology investment company, is pleased to provide an update on Meluka Health, a Company it is acquiring a 50% interest in. **Meluka Health** has entered two supply agreements with Bee Services, one of Australia's largest producer of organic certified honey.

- The first agreement is an **exclusive** supply agreement for honey produced from hives located on two organic melaleuca tea tree plantations, Jendale and Robyndale, located in the Bungawalbyn valley basin of NSW. Jendale is an old growth plantation that is wild crafted in its natural state and has been identified as an origin of the species plantation for the melaleuca alternifolia. Robyndale is a farmed organic melaleuca tea tree plantation.
- The second agreement is for supply of honey that is produced in the region of the Bungawalbyn valley basin.

Meluka Health is happy to have secured honey supply from such a capable and well respected producer who has the same organic and ecological ethos for the supply of its unique and high quality honey. Production has already commenced under both agreements.

**Wayne Fuller, Director and principal of Bee Services, said:**

"It is great to be able to produce such a unique and quality honey reflecting the power of these amazing Australian botanical species. For over 100 years bees have been harvesting honey in this area producing a superb product"

**Ben Rohr, Investment Director of Eve Investments, said:**

"Wayne Fuller has over 37 years of commercial bee keeping and is one of the few organic farmers who aligns with Meluka Health's ecologically pure focus and we are very excited to be working with such a credible organic honey producer."
