2021 MINISTRY REPORT

NOTE FROM DARRELL

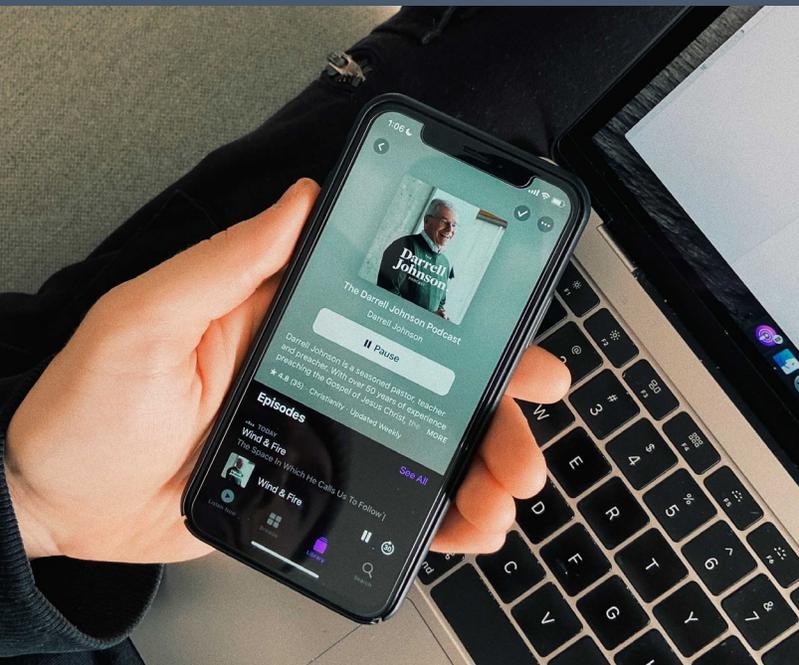

One of God's great gifts to me at my age is being able to work with the young disciples who are leading the Canadian Church Leaders Network. My goodness, they are so gifted, and so committed to serving the church of Jesus in Canada. The two big words that come to me as I observe and participate in the ministry are 'resource' and 'connect.' Hundreds of pastors are being 'resourced' with rich materials, both audio and print. And hundreds of pastors are being 'connected' to one another across denominational lines. All of it signs of the great awakening God is affecting in our country. Thank you to each of you who support this ministry and engage with it with a desire to follow Jesus more whole heartedly each day.

DARRELL JOHNSON PODCAST

For decades, Darrell has studied and preached the Bible to thousands of people. His rich and thoughtful sermons have helped people better understand God's Word and live out the call of the Christian life. Thankfully, many of these messages from as far back as 1993 have been recorded on cassettes and CDs that our team is now digitizing so they can be enjoyed for years to come.

Every week we are able to release a new message from Darrell, going through series like Revelation, Genesis, Matthew, and Ephesians. We have thousands of listeners in Canada and around the world growing in their faith from these messages.

CHURCH LEADERS INCUBATOR

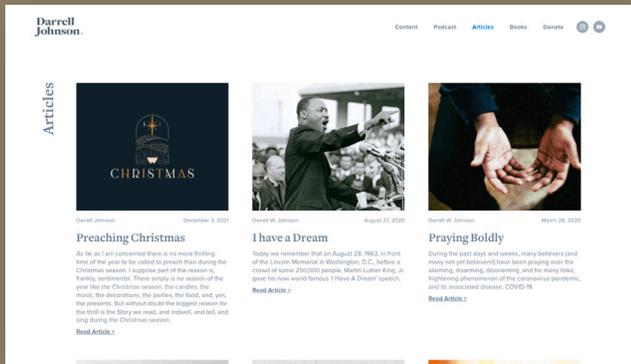

As a part of the Canadian Church Leaders Network, Darrell teaches in the Church Leaders Incubator. It's a two-year program for young pastors designed to equip them for long-term, effective senior leadership. The goal is to see pastors shaped with:

- + **Spiritual Character**
- + **Entrepreneurial Imagination**
- + **Compassionate & Courageous Orthodoxy**
- + **Revivalist Hunger**
- + **Strategic Leadership**

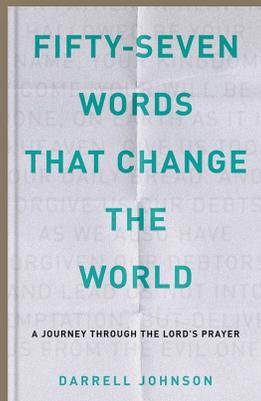

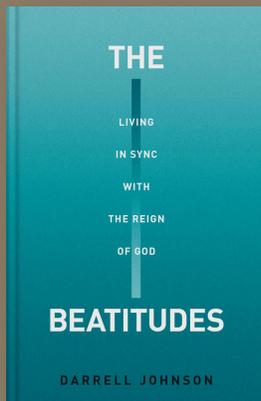

This fall marked the launch of the program, with 17 pastors from across Canada and a variety of denominations joining the first intake. Every month Darrell does an online session with the group to help deepen their love for the Bible and their understanding of the pastoral call as defined by God's Word.

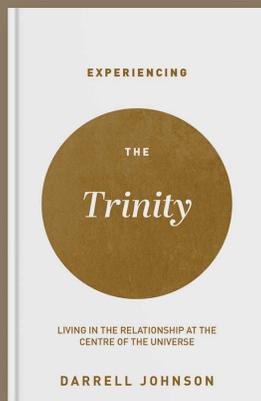

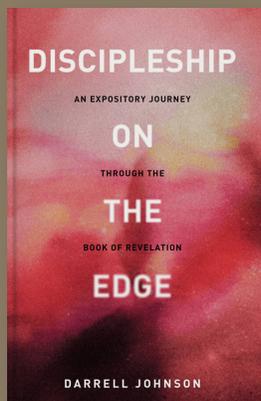

BOOKS & WRITING

Darrell has written a number of books over the years and continues to work on new projects to help people better understand the Bible and its instruction for following Jesus. In 2021 we released new versions of four of Darrell's books on Revelation, The Beatitudes, The Trinity, and The Lord's Prayer with updated endorsements and covers. Our hope is to continue to make Darrell's writing accessible to new generations in the years to come.

In the coming year, Darrell looks forward to releasing a new book on Ephesians, articles on his website, and continued refreshments of his prior books.

LOOKING AHEAD

In 2022 Darrell is excited to continue to minister to pastors and preachers to see them thrive in God's calling on their lives. He feels especially called to invest in younger pastors in these later years of his life to pass on what God has been teaching him throughout his five decades of ministry.

Alongside his teaching, writing, and involvement with programs like CCLN's Incubator, Darrell is enjoying time with his grandkids, children and his wife Sharon who he just celebrated 50 years of marriage with this year. He is thankful for good health and trusting in the Lord's leading for the future as his heart is still full of passion for the Church and pastors.
