Dear Mr. Finton,

Thank you for meeting with the Ta'an Kwäch'än Council's Wellness and Development Departments to present your plans for further development of the Sundog Veggies Farm. Last year, Ta'an greatly appreciated your generous donation of fresh vegetables for Ta'an Elders. I personally enjoyed coming out to tour the farm and see just how much you had accomplished within your first season. This year, I was pleased to learn of your plans to continue to provide fresh vegetables the Ta'an community during the summer and at harvesttime. This commitment to the Ta'an People demonstrates your respect for the land you are on and your desire to give back to the community.

I also applaud your commitment to hiring Ta'an Citizens on the farm, and providing an opportunity for Citizens to receive training, skill development and mentorship that will prepare them for future agricultural projects. Food security is a high priority for the Ta'an Kwäch'än Council, and it will be invaluable for Ta'an to have Citizens trained in this field going forward.

I wish you the very best with the farm this summer and look forward to watching it progress.

Sincerely,

Chief Kristina Kane
