To Whom It May Concern;

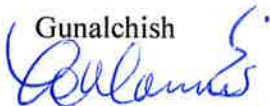

Re: Sundog Veggies Auction Event

On behalf of Teslin Tlingit Council (TTC), it is my pleasure to write this letter in support of the "Sundog Veggies Project- Auction event at the Yukon Arts Centre this month".

Through these trying times, it is a great opportunity that First Nations and Yukoners are given the opportunity to build capacity in the agriculture field. It's humbling to know that this great incentive and program helps our fellow Yukoners with healthy meals throughout each week.

Food Security has been a huge issue not only for Yukon but across the North. I look forward to taking part in the project activities within the community and knowing that our Youth will be given training opportunities that involve traditional growing and harvesting and sustainable gardening and farming.

Thank you for giving us the opportunity to be a part of this amazing project. Should you require further information, please contact the Executive Manager, Nitin Singh at 867-390-2532 ext: 303 or email at [nitin.singh@ttc-teslin.com](mailto:nitin.singh@ttc-teslin.com).
