Dear: Andrew and Heather Finton

Thank you for your generous gift of carrots, beets, potatoes, kohlrabi and more to Carcross/Tagish First Nation. Today your donation has helped to put fresh produce on many tables and assists us in our efforts towards providing fresh and accessible produce to our citizens and community alike. We are grateful to have another source of locally grown food.

We also wish to thank you for taking the extra time and effort to grow organic food. We know this takes additional knowledge, time and labour and we wish to acknowledge you for this.

You truly make the difference for us, and for Yukoners, we are extremely grateful.

Sincerely,

Lynda Dickson,
Haa Shaa Ha Du Hen
