

# Lovisa Lund

Designer + Engineer

## I believe design will change paradigms.

With the help of design, I want to provide solutions for the future by connecting the dots between people, planet and robots. With big ideas, I strive to make a big impact!

## EDUCATION & TRAINING

**Umeå Institute of Design**, SWE, Jun 2020 | BFA Industrial Design.

**ArtCenter College of Design**, USA, Dec 2019 | Exchange semester, Product Design.

**Western Washington University**, USA, Dec 2016 | Exchange year, Comp. Science, Robotics and Business.

**Holbaek Kunsthøjskole**, DEN, Jun 2014 | Fine Art, Furniture design and Comic illustration.

**Umeå University**, SWE, Aug 2012 | M.sc. Industrial Engineering, Optimisation and Logistics.

## SKILLSET

I continuously strive to learn new softwares and tools! Below are a few.

|                         |                        |
|-------------------------|------------------------|
| + HRI                   | + Arduino              |
| + Concept Creation      | + Qualitative Research |
| + Design research       | + Sketch notes         |
| + Keyshot               | + Prototyping          |
| + Solidworks            | + Python               |
| + Blender (in process!) | + VR & AR Applications |

## LANGUAGE

**Swedish** - fluent

**English** - fluent

**Danish** - intermediate

**German** - I'm on it!

## EXPERIENCE

**Product designer** | Rotho Kunststoff, Würenlingen, CH 2020

Product design internship, development of injection molded household goods for the European mass market.

**Teaching Assistant - Research/ Process** | ArtCenter College Of Design Pasadena, USA 2019

Student liaison & mentor to design students applying the design process to the topic of rising sea levels.

**User Experience Researcher** | ABB Corporate Research Center, Västerås, SWE 2019

User experience research within the field of Automation solutions. Acquired one patent.

**User Experience Researcher** | ABB Corporate Research Center, Västerås, SWE 2019

Industrial Design Internship at the department of User Experience. Projects within robotics and power systems.

**Designer** | Summer eXpression, Umeå, SWE 2018

Founded LLUND Design at the eXpression accelerator program. Produced and sold my collection VIKT at Designorget, Stockholm. In addition illustration and branding.

**Order Manager** | Konftel, Umeå, SWE 2017

Business administration and logistics.

**Shrimp Expert** | Royal Greenland, Illulissat, Greenland, 2017

Machine maintenance, packaging of shrimp + various fishes from the sea.

**Assembly technician** | Nortstar Sitetel, Stockholm, SWE 2015

Assemble of battery backup systems, electrical work and shipping.

**Headcoach Sailing** | Marieham Sailing Club, Åland, FIN 2014

Responsible for managing and maintaining the sailing department. Including teaching, marketing, leadership, scheduling.
