June 22, 2022 | 9:00 AM - 12:00 PM

9:45 AM REGISTRATION

9:00 AM WELCOME AND INTRODUCTIONS
Gabrielle Rude, PhD, WCHQ President and CEO

COMBINATION THERAPY FOR OPTIMAL OBESITY CARE
Angela Fitch, MD, FACP
Associate Director, Massachusetts General Hospital at the University of Vermont

A nationally recognized expert on obesity and diabetes, Dr. Angela Fitch is committed to treating those who have remained the stigma and improving lives.

10:15 AM BREAK

PRESENTATION OF THE WCHQ 2022 QUALITY
10:30 AM LEADERSHIP AWARD
Gabrielle Rude, PhD, WCHQ President and CEO

WCHQ recently released its first Health Care Value Report. Dr. Rude will describe the evolution of this work and what is next.

11:10 AM AND VALUE IMPROVEMENT
Gabrielle Rude, PhD, WCHQ President and CEO

HOW THECARE IS USING WCHQ
11:30 AM DATA TO IMPROVE VALUE
Mimi Resch, NHA, LHC, RN, MPA, Chief Quality Officer at TheCARE

Members routinely use WCHQ data to monitor their progress on quality improvement. TheCARE will explain how they are using it to drive value.

12:00 PM LUNCH

Network with colleagues while enjoying a great view of Lake Monona.

1:00 PM SHIFTING THE PARADIGM- THE MICHIGAN COLLABORATIVE FOR TYPE 2 DIABETES
Carrie H. Richardson, MD, FACP
Professor and Associate Research Chair at the University of Michigan

Carrie Richardson is an expert in Type 2 diabetes and chronic disease prevention and management. She led the Michigan Collaborative for Type 2 Diabetes, a statewide Quality Improvement Initiative. She will explain how they engaged patients and employers to â€œcrowdsourceâ€ data to examine barriers to prevent diabetes.

1:15 PM A PATIENT’S PERSPECTIVE ON TYPE 2 DIABETES
Len Elmore, MD
Director of the University of Chicago Medicine

Len Elmore will share his personal experience of managing type 2 diabetes. Dr. Smith, a member of the WCHQ Advisory Group, will facilitate dialogue with the audience following his presentation.

2:00 PM TEAM-BASED CARE OF DIABETES: INTEGRATION OF A PHARMACIST WITHIN A PRIMARY CARE CLINIC
Eric Johnson, Pharm.D., BCGP
Clinical Pharmacy Facilitator, UW Health

Team-based care is focused on delivering better, more coordinated care to patients. This session will share an example of an essential component of the primary care diabetes team, one that will be explored in this presentation.

3:30 PM AD.JOURN

REGISTER: WCHQ Members: $150 virtual or in person

This education event is open only to WCHQ provider members, corporate sponsors and annual partners.

REGISTRATION DEADLINE: June 15, 2022

About Our Speakers

Gabrielle Rude, PhD, is President and CEO for the Wisconsin Collaborative for Healthcare Quality. She has held leadership roles within several prominent health systems, including Massachusetts General Hospital, as well as a Certificated Hospitalkind in Healthcare. She holds a bachelor’s degree from DePauw University and completed her doctorate in Population Health Sciences from the University of Wisconsin. Dr. Rude serves on the Boards of the Wisconsin Hospital Association and the Advisory Council of the University of Vermont. She has over 30 years of experience providing primary care and value-based care delivery design and operations.

Angela Fitch, MD, FACP, is the Co-leader of the Massachusetts General Hospital at the University of Vermont. She is involved in intellectual and professional activities related to diabetes and obesity, including research. Her work has been published in peer-reviewed journals and books.

Michael Wallace, FACHE, is President and CEO of Fort Healthcare in Fort Atkinson. He received his medical degree from Ross University School of Medicine and completed his residency in Family Medicine at Midwestern University in Downers Grove, IL. He is Board Certified in Pharmacotherapy.

Carrie H. Richardson, MD, FACP, is a Professor and Associate Research Chair at the University of Michigan. She is a leading expert in Type 2 diabetes and chronic disease prevention and management. She led the Michigan Collaborative for Type 2 Diabetes, a statewide Quality Improvement Initiative. She will explain how they engaged patients and employers to â€œcrowdsourceâ€ data to examine barriers to prevent diabetes. She will also share her personal experience of managing type 2 diabetes.

Len Elmore, MD, is a Professor of Medicine at the University of Chicago Medicine. He received his medical degree from the University of North Carolina at Chapel Hill. He is a departmental editor for the Journal of the American College of Physicians and is a past chair of the American College of Physiciansâ€™ Board of Directors. He is President of the Annals of Internal Medicine and serves on the Executive Committee of the American Board of Internal Medicine.

Eric Johnson, Pharm.D., BCGP, is a Clinical Pharmacy Facilitator at UW Health. He has extensive experience working with patients with diabetes and is a national leader in diabetes care.

Carrie Brown, MD, is a Professor and Associate Dean for Health Equity at the University of Wisconsin-Madison. She is a leading expert in Type 2 diabetes and chronic disease prevention and management. She served as the Chair of the National Diabetes Collaborative, a national network of diabetes leaders, and is the founder of the Michigan Collaborative for Type 2 Diabetes, a statewide Quality Improvement Initiative. She will explain how they engaged patients and employers to â€œcrowdsourceâ€ data to examine barriers to prevent diabetes.

Morgan Brown, MD, MPH, is a Professor of Medicine at the University of Wisconsin-Madison. He is a national leader in diabetes care and is a past chair of the American College of Physiciansâ€™ Board of Directors. He is President of the Annals of Internal Medicine and serves on the Executive Committee of the American Board of Internal Medicine.
