

Cancellation policy

Non ticketed reservations:

Passengers paying on the day of their flight will have an authorization hold applied to the credit card they provided when they made their reservation. The amount held will be the full fare of \$200 per person plus any applicable overweight surcharges or the cost of a private flight. Cancellations less than 7 full days of the scheduled flight, late arrivals (more than 15 minutes) from the established meeting times or no shows will be charged the pre-determined full amount of the flight.

Pre-paid ticketed passengers:

Passengers holding pre-paid ticket will have their tickets voided if they cancel within less than 7 full days of the scheduled flight, late arrivals (more than 15 minutes) from the established meeting times or are a no show.

Don't pay until you play flight tickets:

Cancellations made with this type of ticket have the same cancellation policy as passengers holding a non-ticketed reservation.
