INTRODUCTION

Creating choreography is a passion of ours which has kept our clients coming back to us for the past 10 years.

Our top priority is to work with you to create a piece that reflects who you are while also being simple enough to learn so as not to take the fun out of it.

This package and pricing document also applies to non-wedding dances.

We have one small request... please take lots of photos and videos for us! There is nothing more rewarding than getting to watch you shine on your special day after weeks and months of hard work. If you will be sharing your performance on social media, please tag us using our handle @ektaevents.

At the end of your lessons with us, we also ask that you please take a few minutes to leave us a review on Google or Facebook.

IMPORTANT NOTE

We recommend making a booking with us for your choreography **no later than 2 months prior** to the **cut off date** of your final lesson or Video Tutorial delivery.

Any later than that does not guarantee enough time for you to properly learn your choreography, or for us to be able to teach it to you properly.

Late bookings will incur an additional fee of \$85

ADDITIONAL LESSONS

If you find that you require more lessons, you can purchase additional lessons. Please note, the booking of additional lessons/rehearsals rely upon our availabilities.

Face to Face - \$80 (within Sydney metropolitan area only)

Online - \$70

HOW WE TEACH

Our top priority is to help make you shine on your big day. We know everyone has busy lives with differing circumstances, which is why we offer you three options to learn your choreography.

FACE TO FACE LESSONS

Please note: we recommend face to face lessons for all Sydney based residents. These lessons are 1 hour each and are conducted face to face either at your home, or with enough notice and only upon availability, at one of our dance studios (Waterloo or Seven Hills). Studio bookings will incur an additional charge of **\$35/hour**. Please note, these lessons are only for Sydney residents. If you are not from Sydney and would like to book face to face lesson, additional travel charges will apply.

ONLINE LESSONS

Please note: we only recommend this option to clients outside of the Sydney area. These lessons are 1 hour each and are conducted via Google Meet. We use specialised audio equipment to ensure the best quality in sound, so that your online lesson feels just as inclusive as a face to face lesson would.

VIDEO TUTORIAL

Please note: we only recommend this option to clients outside of the Sydney area. Learn your entire dance through a customised and detailed video tutorial with a step by step breakdown of every movement, accompanied with graphics for formations (group dances) and captions for movements. To view a demo video tutorial, head to the bottom of our Event Choreography Page.

PACKAGES

All of our pricing for our packages are carefully curated to take into account the time taken to choreograph, edit (music and video) and teach.

For clients looking for a mixture of face to face, online lessons and video tutorials, please contact us so that we may make adjustments to your quote. Please note, in these circumstances, you will not be receiving a detailed video tutorial as seen in our demo, rather, you may video record our rehearsal sessions with you, to use as your practice videos.

If you require more options (i.e. more routines/group dances) please inform us and we will contact you to discuss additional package options.

HOW TO CHOOSE YOUR PACKAGE

Here is how to make your package selection:

Step 1: Choose between Face to Face, Online lessons or Video Tutorial.

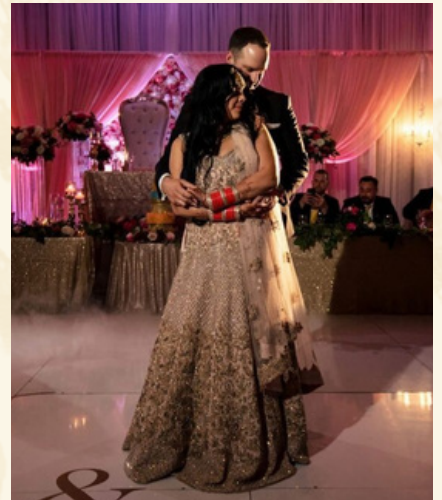

Step 2: If you chose Video Tutorial, you don't need to go any further (unless you require more than one choreography, then please contact us)

Step 3: If you chose Face to Face or Online Lessons, choose which number of lessons you would like (3x1 hour, 5x1 hour, 7x1 hour)

STANDARD ROUTINES

All pricing below is for **one** dance routine of up to 5 minutes. If your routine will be longer than this time range, please let us know in advance as there will be extra charges involved. To maintain quality and engagement of audience, we always recommend keeping all dances at or under the 5 minute mark.

Additionally if you require more than one dance routine choreography, please indicate this in your inquiry form. Discounts are available for multiple dance choreographies.
