

# HELLO NEW BUDDIE

**Job advertisement**

**Mobile App Developer (Kotlin/KMM)  
(m/f/d)**

Permanent position/Full-time/Mönchengladbach

# Who WE are.

We are KEOZ: The digital communication agency from Mönchengladbach. We help companies and brands to create new perspectives and efficient ways of communication towards their targeted audiences in the digital space and beyond.

To reach these goals, we add sufficient creativity and strategic thinking. With a team of more than 40 employees we design, program, code and publish websites, web shops, CRM systems and individual software solutions. Together with our partners, we tackle the challenges of digital transformation and develop the correct and required digital marketing measures. We are fully capable of defining these solutions individually or as a partially / fully coordinated concept.

In order to make our great team even better, we are looking for you!

## What we offer

- Working independently
- Varied tasks and projects
- Individual opportunities for growth
- Positive work culture and atmosphere
- State-of-the-Art technical equipment
- Flexible working hours
- Remote work
- Fresh fruits daily
- Start-Up-Power
- 30 days paid vacation
- Sponsoring for sports offers, further education and much more
- Business Bike leasing
- Individual onboarding with assigned buddies

## What you can expect

- Developing innovative app solutions for our customers.
- Being part of an interdisciplinary technical team.
- Exciting tasks in the fields of e-commerce and loyalty programs.
- You will regularly ensure the product quality by devising and applying test scenarios, automated tests, documentation of tasks, error diagnosis and troubleshooting.
- You will use the latest web technologies, development methods and software solutions.

## What we are looking for

- You have practical experience with and knowledge of the design and implementation of mobile applications (Kotlin Multiplatform Mobile, Flutter, or similar).
- You ideally know your way around Swift / SwiftUI, Jetpack Compose.
- You have experience in technologies like JavaScript, PHP, Dart, or similar.
- You are familiar with the current trends in the app world.
- At best, you have experience with both agile and traditional development methodologies.

**You feel your profile doesn't fit all our requirements? Never mind!**

**We will help and support you in expanding your knowledge.**

Please apply by sending your complete application documents (curriculum vitae) by e-mail: [join@keoz.com](mailto:join@keoz.com).
