

Due to the challenges of the pandemic year, our choice was to have a financial review for 2019 to be completed in December 2020. Instead, we opted to focus our time and energy into getting our 2020 financials completed in January 2021 and were able to successfully have an outside financial review completed for calendar year [2020](#) in January 2021.

Our 2019 IRS Form 990 is available in GuideStar.
