**Statement of Shahrzad, Elika and Aryan Ashoori –
Anoosheh Ashoori's wife, daughter and son**

Dear Sir/Madam

As the family of arbitrary detained British national Mr Anoosheh Ashoori, who has been unlawfully held by Iran for more than 4 years, and in view of the escalating danger of COVID-19 in Evin Prison, the extremely unhygienic conditions the prisoners are kept in, and Mr Ashoori's advanced age and existing health issues, we are asking the UN to exert maximum pressure on the Iranian Government to release our loved one. He's an innocent father/husband whose human rights have been grossly violated and he must be returned home to the UK to be with his family.
