As we continue to plan to provide scholars with the best support possible, we would love your input on the best ways to utilize federal funding! Specifically, like all schools across the United States, we have received Elementary and Secondary School Emergency Relief (ESSER) Funds to aid with the impact of COVID on our learning environment. Last school year, staff input was instrumental and resulted in our using the funds to provide: Summer school, technology for scholars, and operational support.

This school year we have utilized the funds to:
1. Hire a school counselor
2. Expand our operations team
3. Expand our special education team with the addition of paraprofessionals
4. Hire additional teaching fellows
5. Hire an instructional coach to support teachers
6. Provide summer school again
During this meeting we would like to discuss ways that you feel we can use ESSER funds and also receive your input on ways to update our COVID re-entry plan.

My Notes
