

Medication Pickup Policy

Dear Parent/Guardian,

Please make arrangements with our school receptionist to pick up your student's medication from the school front office on or before the last day of school. ALL medications such as controlled, over the counter, Epi-Pens and inhalers must be picked up by a parent/guardian. Any medications not picked up will be thrown away.

No medications will be sent home with students.

Any medication taken during the upcoming school year such as controlled, Epi-Pens and inhalers will require a signed physician's plan and a medication label on the prescription container at the beginning of each school year.

New orders are required every school year.

Bloom Academy Charter School will **NOT** accept any medication brought to school in plastic baggies, paper bags, envelopes, etc. Your pharmacist must make a "school bottle" for school administration. You will need to request it from your pharmacy.

Bloom Academy Charter School will **NOT** administer medications from Mexico, due to state requirements. These medications must be administered by the parent/guardian.

Please contact us at 346-333-1320 with any questions.

Sincerely,

Nitara Jenkins-Morgan
Director of Operations
