Bloom Academy Charter School: ESSER Fund (22-23) Stakeholder Survey-Staff

As we continue to plan to provide scholars with the best support possible, we would love your input on the best ways to utilize federal funding! Specifically, like all schools across the United States, we have received Elementary and Secondary School Emergency Relief (ESSER) Funds to aid with the impact of COVID on our learning environment. Last school year, staff input was instrumental and resulted in our using the funds to provide: Summer school, technology for scholars, and operational support.

This school year we have utilized the funds to:
1. Hire a school counselor
2. Expand our operations team
3. Expand our special education team with the addition of paraprofessionals
4. Hire additional teaching fellows
5. Hire an instructional coach to support teachers
6. Provide summer school again

Please provide your thoughts on other ways we can use the funds and input on our COVID re-entry plan. Feedback is anonymous (unless you’d like to let us know who you are at the end of the survey).

This survey should take approximately 5 -15 minutes to complete - thank you for being apart of our school.

* Required

1. What is your role at Bloom Academy? *

Keeping our Scholars on Track - Elementary and Secondary School Emergency Relief (ESSER) Funds
2. Bloom Academy will be provided with a grant designed to help us close any academic or socio-emotional gaps that developed as a result of COVID's impact on our community. What ideas would you like to share about how we can best use the funds to support our scholars? (Examples: summer school, tutors, intervention? socio-emotional curriculum?)
