

57 YEARS

For 57 years, we have had a well-working system of school catering in the Czech Republic.

383 MILLION

meals are cooked by school canteens a year.

1,8 MILLION

children lunch daily in school canteens, i.e., almost 80% of all school-goers.

8,556 CANTEENS

Over 8,000 school canteens prepare meals for children.

27 YEARS

The school canteen regulation consumer basket has not changed radically in 27 years.

SCHOOL CATERING

50%

50% of health is determined by a healthy lifestyle (nutrition, exercise, rest, abstaining from drug use, etc.).

25% OF CAUSES OF DEATH

are connected to cancer. Many of them are very closely related to an unhealthy diet.

44% OF CAUSES OF DEATH

are caused by cardiovascular diseases, which are provably related to dietary quality.

57%

of Czech adults have higher than normal weight.

3x

Overweight and obesity in children has increased 3 times in Europe in the last 30 years. 7.5% of children in the Czech Republic are overweight, 10.3% are obese (examined age groups: 6, 9, 13, 17 years of age).

FOODS & HEALTH

SCHOOL CATERING & FINANCE

15 BILLION

CZK 800

We all contribute to school lunches via our taxes. If recalculated, each Czech citizen contributes CZK 800 to school lunches a year.

7,2 BILLION

a year is spent by parents on ingredients for school meals.

5,4 BILLION

a year is spent by the State on salaries of school canteen employees.

2,4 BILLION

a year is spent by the State on school canteen operations.

80%

of the EU healthcare cost is spent on the treatment of chronic diseases, several of which are preventable by a healthy lifestyle.
