Case Studies

When this 30-unit apartment complex experienced a devastating fire, Ironclaim was on the scene within an hour. Specialists from our multifamily division worked directly with the property managers and mitigation specialists to ensure no dollars would be spent on mitigating or packing out items that would eventually be discarded. Within 95 days of the date of the loss, our team of structural experts, inventory specialists, and customer service representatives helped the client secure a seven-figure settlement that was increased by 120%.
