Solar is Just the Beginning.

GeoSolar Technologies is reinventing the way we heat, cool, and power homes with **100% renewable energy sources.**

HEATING & COOLING

High efficiency heat pumps provide abundant year round heating, cooling, and hot water.

ELECTRICITY

Rooftop photovoltaic (PV) solar system sized to provide all the electricity for the home.

AIR PURIFICATION

Advanced Air Filtration for health and safe indoor air quality (IAQ) that removes viruses and other pollutants from the home.

SMART GREEN TECHNOLOGY FOR A CARBON FREE ALL ELECTRIC HOME

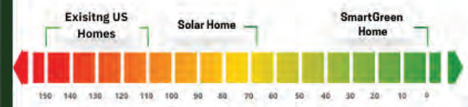
Healthy Homes • Healthy Planet

HERS® Index

The Home Energy Rating System (HERS®) Index is the industry standard by which a home's energy efficiency is measured.

A complete SmartGreen™ Home upgrade generates enough clean renewable energy to heat, cool, power, and purify existing homes with little or no carbon emissions and utility bills.



The SmartGreen™ Home achieves the highest energy efficiency ratings in the industry

WHAT'S INCLUDED IN THE SMARTGREEN™ HOME SYSTEM:

- Comprehensive Whole Home Energy Analysis
- Removal of toxic materials
- Air sealing/insulation upgrade
- Rooftop Solar/PV system
- Geothermal wells/ground loops
- Ground sourced or air to air heat pumps
- CERV2 Advanced air monitoring/filtration system
- Backup battery system
- LED lighting
- Removal of gas lines, furnace and appliances
- Installation of all electric appliances
- Window upgrades
- Electrical system upgrade
- Whole home AI/software control center
- High-speed electric vehicle charging station

OPTIONAL UPGRADES:

- Electric Vehicle
- Electric Fireplace
- Solar Powered pool and spa options
- Xeriscape Landscape & Water harvesting
- Advanced Whole Home Water Filtration System

TOP REASONS TO UPGRADE TO THE SMARTGREEN™ HOME SYSTEM:

- ✓ Higher Home Appraisal and Resale Value
- ✓ Energy Independence of Owning and Controlling your Personal Clean Energy Source
- ✓ Breathe Cleaner, Healthier Air
- ✓ Hedge Yourself Against Increased Energy Prices
- ✓ Emergency Backup Battery System
- ✓ Cleaner, Healthier and Efficient Induction Cooking
- ✓ Charge your Electric Vehicle with Clean Electricity Produced on your Roof
- ✓ Enjoy Year Round Comfort
- ✓ Abundant Instant Hot Water

The Health Benefits Are Dramatic

- Home is air tightened and sealed
- Continuous flow of fresh highly filtered air
- 24/7 monitoring of CO_2 / oxygen ratio
- Highly effective against Valley Fever and COVID-19
- Reduces triggers of asthma, colds, allergies and the flu
