# HOW TO USE YOUR NEW HOTSPOT SAFELY & RESPONSIBLY

# ETHICAL BEHAVIOR ONLINE

- **Internet safety** – Have discussions with youth about how to be safe online. Youth are often targets of online predators.
- **Creative credit and copyright** – Inform youth on how to avoid plagiarism and how to give credit to authors from online sources.

# DIGITAL FOOTPRINTS

What do yours say?

## BE CAREFUL ABOUT:

- What you share.
- Where you share.
- With whom you share.

## BE SMART ABOUT:

- Sites you visit.
- Emails you open.
- Links you click.

**BE YOURSELF**  
but be your best self.

# RESPONSIBLE COMMUNICATION

- **Do not communicate online with anyone you don't know in real life!**
- **Share with Care-** Good (and bad) news travels fast online, and without some forethought, kids can find themselves in tricky situations that have lasting consequences. The solve? Learning how to share with those they know and those they don't.
- **Communicate Responsibly-** Encourage thoughtful sharing by treating online communication like face-to-face communication; if it isn't right to say, it isn't right to post. Create guidelines about what kind of communication is (and isn't) appropriate. Keep personal details about family and friends private.

# DON'T BE SCAMMED

Phishing emails and text messages often tell a story to trick you into clicking on a link or opening an attachment. They may...

- Say they've noticed some suspicious activity or log-in attempts
- Claim there's a problem with your account or your payment information
- Say you must confirm some personal information
- Say you're eligible to register for a government refund

# NOTHING IS FREE

- If Something seems too good to be true it is probably dangerous.
- How to identify when someone is trying to get your information:

The diagram shows an email snippet with several red flags highlighted by orange arrows and boxes:

- All caps:** Points to "Time is running out".
- Trigger phrase:** Points to "Save 50% on all the best moments!".
- Price:** Points to "\$3.99".
- Exclamation point:** Points to "FREE snacks!".
- Attachment:** Points to a paperclip icon.

The email text is as follows:

# CYBERBULLYING

## Set an Example

- BE KIND!
- Use the power of the Internet to spread positivity.
- Stop the spread of harmful or untrue messages by not passing them on to others.
- Respect others' differences.

## Take Action

- Block mean-spirited or inappropriate behavior online.
- Make an effort to provide support to those being bullied.
- Encourage kids to speak up against and report online bullying.

# PARENTAL CONTROLS

- Filter and block content that you don't want your children to see, such as violence and pornography.
- Restrict what information is shared.
- Set time limits on how long children are online.
- Control the time of day that children can access the internet.
- Set different profiles so that each family member has an access level that is appropriate to them.
