TRAIN of THOUGHT NEWSLETTER

We are very excited to bring you the 2022-2023 Show schedule. It has been a very...interesting past couple of years that has brought many changes. We look forward to a return to a more normal show season. As the schedule grows and we continue to add more shows, we have realigned the staffing to better serve you. We have done this geographically creating a Midwest region and a National region. For shows in the Midwest (Illinois, Iowa, Indiana, Wisconsin, Michigan, Kentucky, Tennessee, Arkansas, Minnesota, Missouri, Kansas, Nebraska and the Dakotas) Dillon Goble will be the regional manager. For the rest of the country, Bill Grove will be the regional manager. This should allow exhibitors to have the same point of contact for the majority of their shows. There are some that will cross over, but for most folks, this will mean you only have one person to have to contact. Dillon and Bill will be onsite managing shows, and Neal Carnaby will be managing shows on site across both regions. Dave Swanson is the owner, and will be at a few of the shows. Below is the current contact information:

Exhibit Space Pricing: You will note that our exhibit space pricing does vary by venue. Some venues have had significant rent increase while others have had only modest increases. Across all venues, labor costs for items like ticket sellers, ticket takers, electricians, setup staff and security has increase sharply. We have instituted a very modest base price increase. We have also adjusted pricing in some markets to make a three table booth a better price performer than three standard tables. This increase is certainly less than what inflation has been since our last increase. Our goal is to provide you with the best value while maintaining a viable business. We know the relationship between show promoter and exhibitor is a co-dependent, we both need viable businesses to help each other. We have also lost a few venues due to costs, or where exhibitor participation has fallen off. Places like Wilmington, DE, Virginia Beach, VA and Pomona, CA are three that come to mind. We will continue to work with these venues, as well as others, but at this time, they are not viable options.

World's Greatest Hobby on Tour update and changes: We are thrilled to announce the return of the World's Greatest Hobby on Tour in 2023. As we ease back into things, we will have two WGH events, Puyallup, WA in January and Costa Mesa, CA in February. The WGH events will be run in conjunction with existing Great Train Show Events. The Manufacture portion of the show will be places at the front entrance, but will not be separate from the rest of the event.

Space at the WGH events will now be offered in two ways:

- 1)** Manufactures and those who wish to have traditional WGH space will be able to order space, and will be located at the front of the hall. The WGH manufacture packet and pricing will be out by the end of July.
- 2)** For exhibitors who wish to sell at the show, and do not want to pay the traditional WGH pricing, can simply order standard Great Train Show space, and can use this form to do so.

Space will be limited at these shows since they will be run as a combined event, so sign up early. Also permanent space at the shows will NOT be used, since the entire floorplan will be changing. Permanent space holders will get their space back the following year when it returns as just a GTS event. If you have permanent space at either Puyallup or Costa Mesa, and want to do the shows, you MUST sign up.

COVID-19 Policies

The Covid-19 situation is better than it was, but remains fluid. Our intention is to provide a safe and enjoyable show. Because of the Covid-19 health issue, we have instituted the following policies which apply to all exhibitors and attendees:

- We will follow all Federal, State and Local health department directions as well as venue regulations. Since these can change rapidly, we will comply with whatever is the current regulation in place at the time for the specific venue. Because of the speed of change we may not be able to provide advance notice of these regulations, but will let you know as we know.
- Unless mandated by government authorities or venue regulations, we will not have any mask or social distancing restrictions. How stringently regulations and mask mandates are enforced is at the discretion of the on site government officials and the management of the venue. We will cooperate with the venue and on site government officials in taking any enforcement actions they deem necessary, but we will not take enforcement action (i.e. removing someone from the show) without their specific direction.
- We strongly recommend those who are not vaccinated or those who have unique health risks, wear a mask for their safety and the safety of others.
- While we will enforce capacity requirements and mask mandates, we will currently not run a show where we have a legal responsibility to determine the validity of vaccination cards or Covid tests. We cannot assume that legal liability and, in those situations, we will likely cancel the effected show. At present, we do not have any locations where this is an issue.

WHY YOU WANT PERMANENT TABLES AND A NEW OPTION

Permanent Tables Explained: One of the areas of confusion we see with many of our customers is permanent vs temporary tables. Permanent tables are the only way to be assured of the same location at every show held at a particular venue. While this may not be important to some exhibitors, many exhibitors like having the same location at every show as well as the convenience of not having to sign up each time new shows are announced. While a permanent location may be less important at a show run only once a year, it is more important at shows run 2 - 3 times a year and is very important for a monthly show like the Great Midwest Train Show.

If you do not have permanent tables/booths, your location can be changed at any time. Temporary table locations are assigned a few weeks before each show, after all the permanent locations have been satisfied. While temporary exhibitors can request the same location, it is not guaranteed. We do move temporary exhibitors, if another customer wants that space permanently or if we need to re-arrange tables to accommodate an exhibitor who desires more tables.

We have situations where people may have had a specific table location for many years, but since they were not permanent, they lost that location to someone who wanted the space permanently. This can be prevented simply by reserving tables permanently.

To reserve tables permanently you can do it one of three easy ways:

- Just mark the box on the reservation form application.
- At the show, simply sign and return the table tag saying you want the space permanently.
- E-mail and let us know to change your location from temporary to permanent.

With Permanent tables you will automatically be signed up for future shows in the venue and do not need to fill out an application. You will receive a permanent confirmation within a few weeks of us announcing a date for a show in the specific venue.

There really is no downside in ordering tables permanently as you can always cancel those tables by providing at least 30 days' notice for the 1 day shows or 90 days' notice for the 2 day shows, so you are never committed for more than one show at a time.

We urge you to sign up for permanent tables to maintain your location, and reduce your workload for registering for shows, while only committing yourself for the next show.

Great New Option For Permanent Table Dealers: We know there are times when a permanent exhibitor can't make a show but wants to keep his location. While he has the option to resell the tables, this can be a burden. To address this, we are now offering an option to skip a show and keep your permanent location. To take advantage of this you need to let us know at least 4 weeks in advance of the show. We will cancel your tables for just that show and keep for permanent location for future shows. The fee for keeping your permanent location is \$10.00 per table for two day shows and \$5.00 per table for one day shows. If you have any questions about this new option, please email or call us.

More shows Likely: We understand the need to get the schedule out so exhibitors can make their plans. While this represents the bulk of the 2022-2023 show schedule, there may be a few additions to the first quarter of 2023. If we are able to add any shows, we will let you know right away. It won't be many, as there are not a lot of holes, but if we can fill in a few here and there, we will. Stay tuned.

Cancellations within 90 days of a two-day show or within 30 days of a one-day show will receive no refund and if guaranteed to a credit card, credit card will be charged when space is cancelled. Space guaranteed to a credit card, where the dealer does not pay at the show, will be charged immediately after the show and will include a late fee of \$10.00 per table. Dealers/Exhibitors may resell their space to someone else but they remain responsible for all elements of this dealer contract. For permanent spaces cancellations do not apply but space may be resold. The Permanent table agreement may be terminated upon 90 days' written notice for two day shows and 30 days' written notice for 1 days shows with no further obligation.

DEALER SPACE: Dealer space is sold two ways:

1. **Permanent Exhibit space** indicates that Great American Train Shows will make its best effort to provide the Dealer with the same location at a particular venue, in a particular hall or building for every show. Dealers need only sign up once and this agreement will remain in effect until terminated by one of the parties. Dealers will have purchased the same location at every show held in a particular venue. If the permanent location cannot be provided, Dealer will have the option to cancel at no charge. In order to terminate this agreement, written notice is required to be given by either party 90 days in advance of a two-day show or 30 days in advance of a one-day show. Great American Train Shows Inc. will advise Dealers of shows, price, and other policy changes at least 120 days in advance of any two-day show and at least 60 days in advance of any one-day show. This is the only way to get the same location at every show. Permanent exhibit space cannot be cancelled but may be resold by a Dealer to another Dealer of their choice at a price they determine. Any resold tables must still follow all the rules and regulations of the show. Resale of tables for two consecutive shows may forfeit location within show. An option starting 1/1/2022 is to skip a show and keep your permanent location. To take advantage of this you need to let us know at least 4 weeks in advance of the show. We will cancel your tables for just that show and keep for permanent location for future shows. The fee for keeping your permanent location is \$10.00 per table for two day shows and \$5.00 per table for one day shows.
2. **Non-Permanent Exhibit space** will provide Dealers with a location on a show-by-show basis subject to availability. Locations will change for nonpermanent Dealers/Exhibitors based upon the needs of permanent Dealers/Exhibitors and other nonpermanent Dealers/Exhibitors.

OVERNIGHT SECURITY AT TWO-DAY SHOWS: Security service or guards are sometimes on duty starting at the end of exhibitor setup on Friday until setup resumes Saturday morning and from when the show closes Saturday to 9:00 am Sunday. Great American Train Shows Inc. assumes no responsibility for dealer loss. We recommend that you cover your display Friday and Saturday nights. When you leave on Friday and Saturday, take all personal belongings with you. NO ONE is admitted into the hall under any circumstances after the Train Show Management Staff leaves the facility.

PARKING: Any parking fees required by the facility are the responsibility of the Dealer.

ACCOMMODATIONS: Hotel reservations are the responsibility of all Dealers. All Dealers/Exhibitors are responsible for making their own reservations.

DOOR PRIZE CERTIFICATES: At some shows we will offer Door Prize Certificates as door prizes. The Certificates are to be used as cash in the hobby marketplace. If a customer makes a purchase at your table using a door prize certificate, deduct the face value of the certificate(s) from the total purchase, which would include tax, if applicable. Take the door prize to the Show Manager and you will be reimbursed for the total face value of the certificate(s). If you have questions about the format, check with the Show Manager prior to completion of the sale.

LOCATION CHANGES: In order to maintain a permanent table location, you must sign up for permanent tables. While non-permanent table holders may receive the same location, it is subject to change if a permanent exhibitor desires the space or if we need to make floor plan changes.
