About Raymond Community Forest
Raymond Community Forest was conserved by LELT in 2016 after a community fundraising effort. The forest is comprised of 356 acres of mixed forest, unique natural communities, and a portion of Pismire Mountain. The property has had a long tradition of sustainable forest management.

Today, more than three miles of trails offer opportunities to learn about the forest, recreate, explore vernal pools, and take in views of Crescent Lake and the mountains beyond.

Parking: 141 Conesca Rd, Raymond. Parking area is approximately 0.8 miles from the intersection of Conesca Rd and Raymond Hill Rd on the western side of the road.

About Loon Echo Land Trust (LELT)
LELT is an accredited, non-profit land trust. The organization was formed in 1987 to protect the land and natural resources of the northern Sebago Lake region of Maine. Today, LELT protects over 8,500 acres of land and manages over 32 miles of trails in Bridgton, Casco, Denmark, Harrison, Naples, Raymond, and Sebago.
