

## Letter of Intent

**To:** Vacay Project

**From:** BTC Carlease & Rental

Vacay Project,

As the Owner and Chief Executive of Officer (CEO) of BTC – Carlease Rentals, I am submitting this Letter of Intent (“LOI”) to document our intent to accept the Vacay token as a form of payment at our carlease and rental service located in the Netherlands, Spain, and Italy.

BTC – Carlease Rental, which already accepts Bitcoin and Ethereum as a standard form of payment, is always interested in new developments associated with blockchain technologies. We are excited to add Vacay into our business model as one of the first travel-related tokens available on the Binance Smart Chain.

We look forward to the official launch of the Vacay Project on 5/28/2021 and we are excited to become one of the original partners of this project.

Signed by CEO G. Mensinga

A handwritten signature in black ink, appearing to be 'G. Mensinga', is written over a horizontal line. The signature is stylized with loops and a long horizontal stroke extending to the right.
