

REWARDING THE LAST MILE

AgriUT

Real Impact in the Palm of Your Hand

AgriUT's mission is to create a highly scalable, distributed and incentivised system that connects millions of forward thinking benefactors that are committed to making the world a better place, and the farmers, organisations and community projects that are doing the work on the ground.

HOW IT WORKS?

AgriUT benefactors get AgriUT tokens

After signing up, AgriUT Benefactors can purchase any bundle of AgriUT tokens they wish.

The AgriUT Foundation will transfer the tokens into the Benefactor's unique digital wallet, along with an automatic bonus of 1% of tokens they have purchased.

Farmers get AgriUT through rewards

AgriUT Benefactors choose the participating farmer they wish to reward and send them 0.99% of the tokens they have purchased, alternatively the AgriUT system will deliver the reward on their behalf.

By rewarding more you will unlock more

Benefactor's AgriUT tokens are subject to a lockup period of 12 months, but during this time 25% can be unlocked to deliver rewards to more farmers through the Agriwards platform following these 5 steps:

HOW IT WORKS?

The first two months, tokens are locked up (except the 1% bonus tokens). From there on you can release more tokens by sending more farmer rewards:

month 2-4

month 4-6

month 6-8

month 8-10

month 10-12

rewarding 1% of your tokens to farmers unlocks another 5%

rewarding 1% of your tokens to farmers unlocks another 5%

rewarding 1% of your tokens to farmers unlocks another 5%

rewarding 1% of your tokens to farmers unlocks another 5%

rewarding 1% of your tokens to farmers unlocks another 5%

5%

10%

15%

20%

25%

**percentages listed are of tokens purchased.*

Your small rewards go a long way!

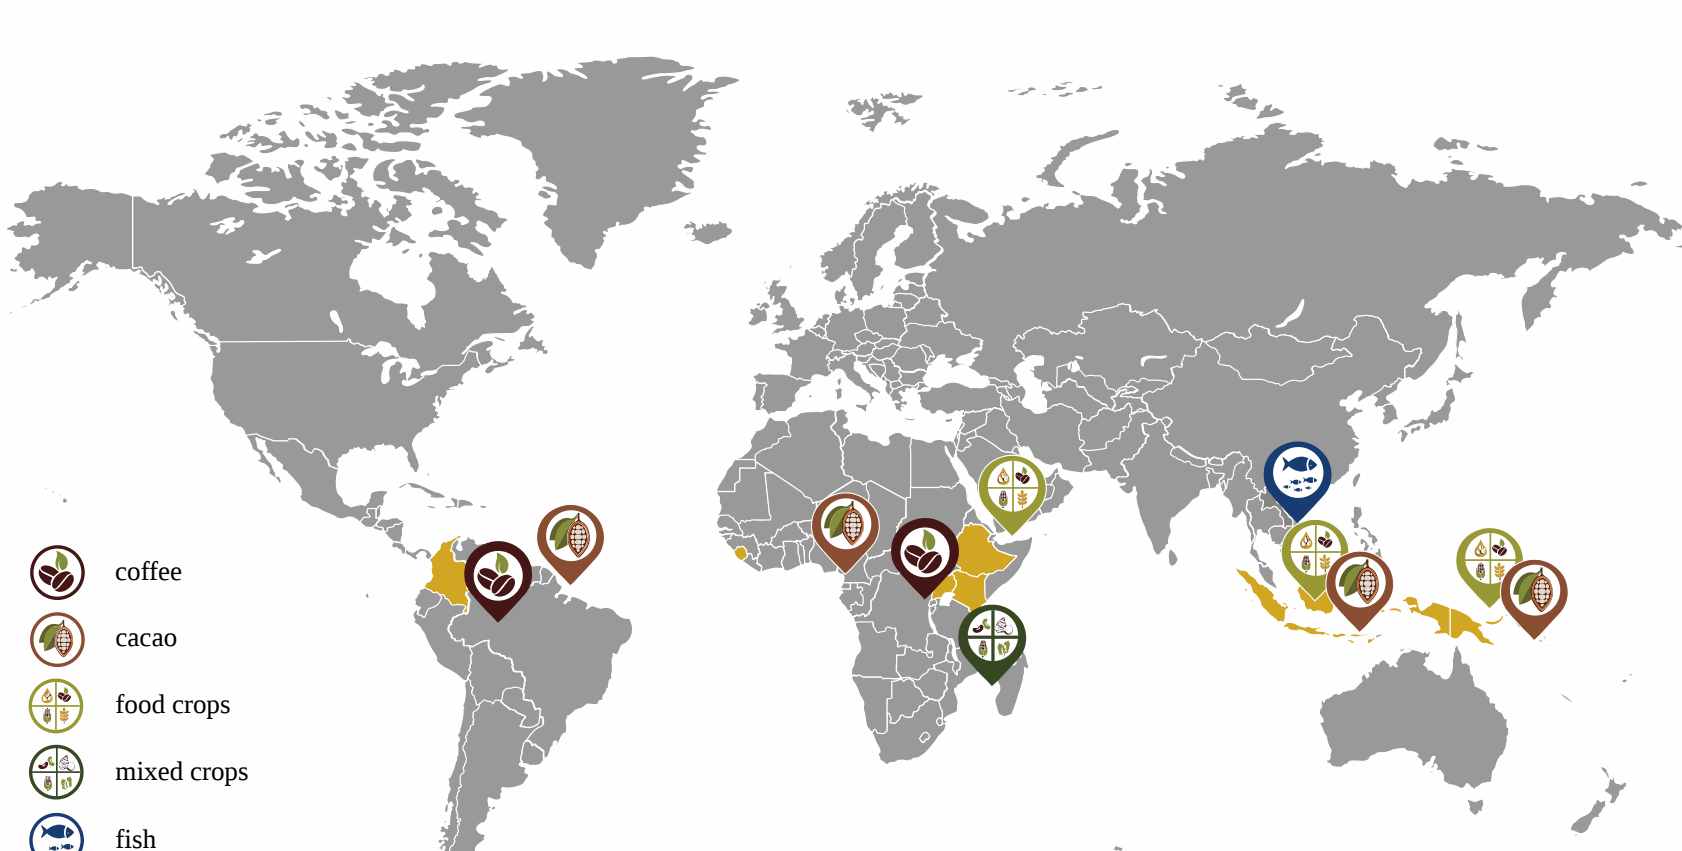

Farmer communities use the AgriUT tokens you reward them with to pay for AgUnity phones and fees, and in the future farming supplies, school fees and more.

As the ecosystem grows you can do even more!

In the future you will also be able to send AgriUT tokens to support local initiatives like building schools or roasting facilities.

Around the globe, 2 billion smallholder farmers need access to digital IDs, information and services so they can lift themselves out of poverty; small AgriUT rewards can welcome them into the digital world.
