

# THE THUNDERDOME

## Spring Steel Ground Blind

### SET UP INSTRUCTIONS

**WARNING:** Read all instructions and safety warnings and follow them thoroughly. Failure to follow these instructions may result in serious injury or death.

**Step 1:** Remove blind from carry bag. While holding one of the three steel bands, let the other two open away from you.

**Step 2:** Once unrolled, lay the blind on the ground and unfold.

**Step 3:** Take hold of the top corner of the blind and put your foot on the bottom section of the blind and lift the top side.

**Step 4:** Stand the blind upright and insert one end of each shock cord ceiling poles into the opposite corner pockets inside the blind. The pockets are located in the 4 corners of the blind

**Step 5:** The poles will cross each other at the peak. Secure the poles to the blind using the tie at the peak of the roof.

**Step 6:** Place blind in the desired location and secure each corner to the ground using the ground stakes supplied. To reinforce the blind from the wind, attach the tie down ropes to each corner loop and stake to the ground.

# TAKE DOWN INSTRUCTIONS

**WARNING:** Read all instructions and safety warnings and follow them thoroughly. Failure to follow these instructions may result in serious injury or death.

**Step 1:** Remove all ground stakes, shock cord ceiling poles, and tie-downs. Lay blind on it's side and fold up.

**Step 2:** Take hold of blind with hands at the 10 o'clock and 2 o'clock position with your knuckles up and thumbs down.

**Step 3:** Roll blind forward away from your body to create a U-shape.

**Step 4:** Once blind is rolled into the U-shape, rotate one or both hands 180°. Left hand clockwise, right hand counterclockwise

**Step 5:** Continue to roll the top of the blind forward while overlapping the two steel bands you are holding and tuck the top section under so that it overlaps onto the bottom half of the blind.

**Step 6:** Once the blind is folded up there will be less tension and you can easily slide it back into the carry bag.

### TIPS FOR INCREASING PRODUCT LONGEVITY

Always store your blind in a cool dry place and make sure that your blind is completely dry and clean before storing in a carrying bag. Never leave your blind outside any longer than needed. This material may fade after long periods of time in direct sunlight. Pooling of rain or snow may cause permanent damage to your blind.
