

# The software specialized in the management of sports centres

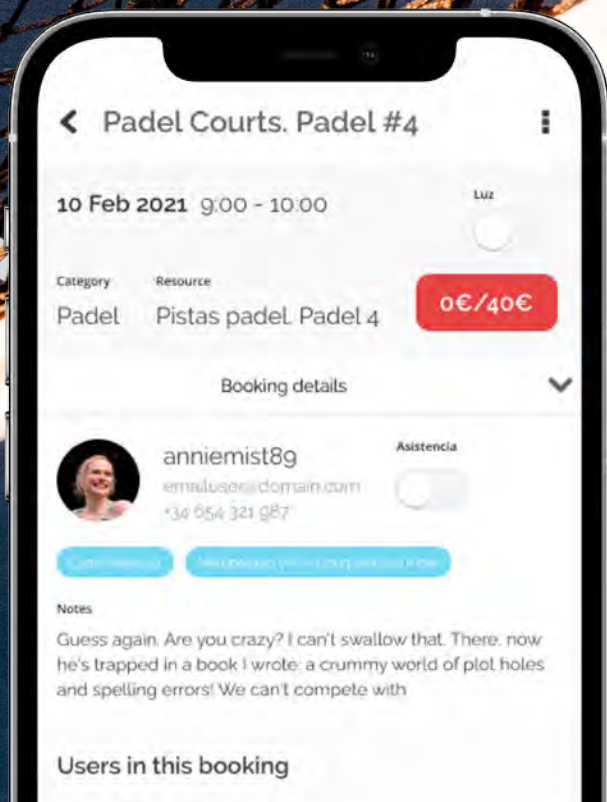

A team of more than 20 people has been working in Nubapp every day since 2011 to make Resasports the best management software for sports centres.

More than 1,000,000 users from 14 countries in more than 400 centres use our app every day to access their sports centres and improve their quality of life through sport and a healthy lifestyle.

Our goal is to make your daily life easier and to make it as easy as possible for your customers and with this goal in mind, we develop our app.

# A complete management solution?

Now it is possible!

- Management of your sport centre
- Memberships and vouchers
- User database
- Calendar of activities and courses
- Courts, tracks, and facilities
- Invoicing
- Personalized reports

- Point of Sale
- Community

**Resasports:** much more than a court booking system.

### Control Panel

Have the key information of your courts immediately wherever you are.

### Automated bookings

Maximize the occupation of your courts with the automated courts booking system. If you wish, your courts available 24 hours a day, 7 days a week.

### Multipay

Register more players giving payment facilities. Payment by card, credit or at the centre. Individualized payment system per player according to user profile or shared payment system.

### levels

Allows the coach to assign a level to the students. Create specific classes according to the level of your players.

### Communication

Wherever you go, communicate with your users through the app or specific website for managers.

### Branding

Create notoriety around your brand with the personalized application of your centre.

### Access control and lighting

If you wish, you can create a totally autonomous centre. It allows the user to open the doors and turn on the lights from their mobile application.

### Resasports web

You will have a section on our website. Reach new players thanks to appearing in our centre finder.

✓ **Resapayments**

Our online payment gateway will allow you to automate the payments of your centre. From the mobile application your users will be able to pay their bookings in a comfortable way and doing that work for you. No booking without charging and without having to dedicate time to follow-up.

✓ **Unattended centre**

Allow your centre to be managed autonomously thanks to our domotic and access control solutions. Your users will be able to make all the management of their bookings from the mobile application, book their court, add players, make payments, open the door or turn on the lights without the assistance of any of your workers. Improve the experience of your users and give them autonomy while saving management resources.

✓ **Simple payment**

Thanks to our configuration options, each user will be able to pay their part of the booking from the app automatically, by card, voucher, remittance, or wallet. Make it easy for players to make payment as simple as possible and forget about tracking payments.

✓ **Maximize your profit**

Thanks to its planning flexibility, with Resasports you can adapt the prices of the courts to different schedules and clients, maximize your profit by automatically adapting the prices to the demand of your market and have control of all the management thanks to our reports.

✓ **Welcome Screen**

Keep your customers always informed thanks to our Narrowcast functionality. Broadcast content on smart screens to receive your players, post news or promotions to energize your community of players.

✓ **Your customers are yours**

We take care of the channel. We grow with the centres, we take care of you and help you develop your business. Your clients are yours, we help you develop them and improve monetization options, we believe that we don't win if you don't do it too. You control your centre and the relationship with your clients.

# Their testimonies are point, game and match ...

Intuitive, very easy-to-use platform. It is helpful for managing bookings and users efficiently, and it's easy to produce accurate daily reports on how the club is performing.

Kenneth Sverker Nilsson  
Køge Padel Center, Denmark

It saves me hours of work. Resasports controls the number of people on court, bookings and payments, which gives me more time to spend with my family. They also respond quickly to any questions.

Javier Armendariz  
Manager, Spain
