

 **Circles**[™] Elite Membership

Optimise your entire team

If you're playing golf at the upper levels, it's unlikely you're flying solo.

You've almost certainly got a coach. Probably a trainer. Maybe a nutritionist, a regular physio, even a sports psychologist.

Whatever your team looks like, Circles Elite is the focal point that all of you can use to optimise your performance.

∴ A different approach to data

Shot data isn't new. The Circles Elite approach is.

Circles Elite is a hub that your entire team uses to get better and faster results for you.

It allows everyone to speak the same language and is tailored to your needs, which ensures that every part of your performance plan works in harmony.

:: Different roles. Same goal.

Everyone in your team plays a different part, but they're all focused on one thing: making you a better golfer. Circles Elite helps all of them on their mission.

Your coach can look at your data to identify where your best opportunities are, and devise lesson plans accordingly.

At the same time, your trainer can use the data to optimise your time in the gym. Meanwhile a sports psychologist can see - in real time - the effects your mental game is having.

And all these team members can share findings with each other, making all of them more effective.

That's just one way that Circles Elite can help, how you want to use it is up to you and your team. But, you'll also have some extra help...

A man and a woman are sitting at a table in a cafe, looking at a laptop. The man is wearing a blue polo shirt and the woman is wearing a white polo shirt. They are both smiling and appear to be engaged in a conversation. The background is a blurred cafe setting with large windows.

::: A new member for your team

Circles Elite has been designed by specialists with decades of experience at national, U.S. College, and Olympic levels.

A subscription gives you access to all of their expertise, which includes customised plans, monthly reports and much more (which you can see in more detail on the next page)

In the past, this kind of thing was out of reach for most golfers. Data specialists have simply been too expensive which meant only elite pros could afford to have one.

We're changing that.

:: Circles Elite at a glance

More than software

Elite subscribers can access a network of high performance consultants.

Bespoke 12 month data plan

We help you and your team team to build a development calendar that's tailored specifically to your goals.

30% faster improvement

Greater focus and efficiency means that every hour of practice is optimised, leading to faster results.

Peak for key events

Periodization modelling, for your entire team, to align with your annual schedule and goals.

Monthly summary reports

These motivate you and your team by showing your progress, your projections and your best opportunities.

Guaranteed improvement

Follow the structured training for 6 months and if don't see an improvement in your Strokes Gained (total), we'll refund your subscription.

Aligned accountability

Helps your entire team push in the same direction by being focused on - and accountable for - clear goals.

Monthly KPIs and support meeting

Every month you get a one-on-one meeting with our data specialists who will provide extra support to you and your team.

“

I love using Circles. The Elite membership helps me to improve faster and get closer to reaching my dream.

– Ruoning Yin, LPGA Tour Player
