- A new government, but the same OLD Daniel.

- Daniel in secret was close to God, so his public service was extraordinary.

- Trustworthiness, without negligence or corruption, is recognized by all.

- Daniel's persecution came in the form of secret treachery that had to attack his secret worship.

- Pride causes poor decisions, but repentance brings about amazing outcomes.
  - Darius fasted before Daniel's God and Daniel was protected in secret by God's angel.

- God was glorified, treachery was judged, and Daniel prospered during the reign of kings who were his mission field.

Our bumper sticker thought:
Who we are in secret, is who we are.

DISCUSSION QUESTIONS

1. When the world is watching you, would they believe the only way to trip you up is with regard to the law of your God?

2. What do you need to work through with God regarding your time in “secret”?

3. Do you need help to overcome things done in secret? Who will you talk to you if you need help?
