Experience

May 2021 - Aug 2021 / Corning, NY

Corning Inc. Product Design Intern

Spearheaded new Figma prototyping design systems for internal teams and proposed revamped information architecture for external digital properties and content creation.

Aug 2018 - May 2020 / Charlottesville, VA

UVA Architecture Creative Technology TA

Experimented with new methods of digital visualization and physical-digital experiences using VR/AR/MR, LiDAR Scanning, 3D printing and traditional forms of physical fabrication.

May 2019 - Jul 2019 / Richmond, VA

Quinn Evans Architectural Design Intern

Designed construction drawings, high-fidelity renderings, and building information models for education-oriented projects, ex. All Saints Elementary School, VCU STEM and others.

Dec 2018 - Jan 2019 / New York City, NY / Freelance

Brightspot Strategy User Researcher

Performed live A/B testing and interviews for university library space programming. Implemented new Airtable data management systems for project tracking.
