For years, K-CO has used the industrial version of the Glü® formula in the assembly of some of our leading products. One day in our shop, we needed to glue something that was metal to composite. With no other adhesive on hand we decided to use the industrial formula. It not only worked, but cured fast! So, we tried it on every substrate we could think of, and every time it WORKED!

We knew we had to bring this fantastic item to the retail market, and so we created the Glü® brand. Developed from a proprietary industrial adhesive formulated to bond plastic to plastic, but readily ALL PURPOSE'.

Its **100% PURE GLUE**, with **NO SOLVENTS**.

When your customers need a glue for plastics to plastics, or anything else, Glü® is the solution.

Glü® is now available in 1oz. and 1/2oz. sizes. Both sizes are available in either a 6pc Tray, or on a 6pc Clip Strip for easy merchandising and driving impulse sales. See wholesale prices below.

"Finally...a Glue for Everything!"®

0.5 oz.

1.0 oz.
