Doxa Connex has an Enhancements engine allow us to continually build enhancements to the product for you and others. In fact, 35 enhancements went live in the past 6 months, which is equivalent to 1.35 enhancements every week!

EXAMPLES

- Up-to-date Catalogue Pricing
- View Entire Transaction Audit Trail Before Approval
- Common Workspace for Progress Claims
- Keywords Search of Catalogue Item

We continue to grow this number at **no additional cost**, compared to some providers who charge for each enhancement request.
