PROFILE

I'm a product designer and visual storyteller passionate about accessible and intuitive design to effect sustainable change.

PROJECTS

UI/UX Case Studies

Designlab

Dec 2020 — Feb 2022

- Developed an end-to-end clothing swap app allowing users to list and shop from closets around them on a non-monetary basis.
- Worked with local fashion designer to build a responsive e-commerce website for her handmade, one-of-a-kind clothing label.
- Added a new feature to Bank of America's existing mobile app to improve and streamline the search experience.
