INFORMATION HAZARD

- *Age of Militants* has been declared an information hazard by public figures, resulting in media and other attention upon the Company, its interests, and affairs;
- *Information hazard* is a distinct term with significant implications in the fields of artificial intelligence, theater weapons design, sociopolitical stability, and other arenas; and
- While education on information hazards is a direct benefit to the public, said education *is itself an information hazard* and presents accordant risk(s).

RISK DIVISION ADVISORY

Information hazards are “risks that arise from the dissemination or the potential dissemination of true information that may cause harm or enable some agent to cause harm.” (Bostrom, 2011).

Information hazard tolerance is determined by intelligence, strength, and character. Members of the general public are advised to assess their individual tolerance to risk before consuming Age of Militants or other Company documents and materials.

Investors, partners, and clients with questions on this Advisory should contact their Relationship Manager.

Throne Dynamics trains strong, capable leaders to deliver global eternal legacy. The Company delivers full spectrum dominance consulting for world class outcomes in noncooperative arenas.

Risk Division secures the public and private interests of the Company and its investors, partners, and clients.
