ORO X ANNOUNCES OTC PINK LISTING AND DTC ELIGIBILITY

Vancouver, B.C., December 17, 2020 ORO X MINING CORP. (TSX-V:ORO X) (OTC Pink: WRPSF) (the “**Company**”) is pleased to announce the Company's common shares have begun trading on the OTC Pink Open Market in the United States under the symbol "WRPSF". The Company’s common shares will continue to trade on the TSX Venture Exchange ("TSXV") under the symbol "ORO X" as well as the Frankfurt Stock Exchange under the symbol "WPZB".

The Company is pleased to report that its shares are also now eligible for electronic clearing and settlement in the United States through the Depository Trust Company ("DTC"). DTC is a subsidiary of the Depository Trust & Clearing Corporation and manages the electronic clearing and settlement of publicly traded companies. Securities that are eligible to be electronically cleared and settled through the DTC are considered "DTC eligible." This reduces costs and accelerates the settlement process for investors and brokers, allowing the stock to be traded by a larger group of brokerage firms by complying with their standards.

The Company anticipates that trading on the OTC Pink Open Market will provide additional liquidity and increase its visibility within the U.S. capital markets.
