

Tania Delongchamp

UX/UI Designer

I am a Tokyo-based UX designer with 5+ years of experience focused on creating delightful user experiences through design thinking. I'm passionate about great design, and love working side by side with product managers, engineers, and designers that feel the same way.

Experience

UX/UI Designer, Rakuten Travel Tokyo | Mar 2022 – Present

Work collaboratively across all parts of the design process: user research, ideation, prototyping, UX + UI, design systems.

UX Consultant, EdCuration New York | Sep 2021 – Jan 2022

Carried out user interviews and usability testing to redesign the client's vendor side educational product listing experience.

Lead Designer, Mosquito Digital Manchester | Mar 2017 – Dec 2020

Worked on creative digital projects that solved problems across a variety of industries with organizations large and small.

Freelance UX Designer Remote | Dec 2016 – Mar 2022

Specialized in UX + UI design and front-end development for individuals, startups and companies.
