Complete Dentistry

Quality Inspires Confidence

May 2023

Dear Patient,

Due to changes in his working hours at Complete Dentistry, Ian will only be here for three days per week.

In light of that, and to help manage increased waiting times because of the pandemic, we are delighted to announce that **Camille Young** will be joining the practice in June and will take over the care of some of Ian's patients.

Camille graduated from the University of Dundee in 2018 but was born and bred in the heart of Glasgow!

Camille returned home after graduation to work in the southside, before spending the last four years in the west end of Glasgow.

Camille enjoys her job as a general dentist and the variety that this brings but also has a keen interest in treating anxious patients who may have not seen a dentist for some time. Camille comments that spending that extra time to make them feel comfortable is a reward in itself.

She also has a particular interest in facial aesthetics and has completed extensive postgraduate training in this area. Feel free to ask for further information and a consultation if you wish.

Camille likes to see her patients looking and feeling their best and is happy to talk you through your treatment options in how to achieve this.

Outside the surgery, Camille enjoys staying active by going to the gym, travelling and has her hands full with her miniature dachshund puppy, Ziggy!

She also volunteers for Samaritans in her spare time; something she is passionate about.

If you have any queries, please do not hesitate to contact me or any member of the team.

Kind regards,

Abdul Haleem
