Home in the City – Bombay 1977 – Mumbai 2017 | Sooni Taraporevala

A Harper Collins India publication

Sooni Taraporevala's photographs capturing life in Bombay/Mumbai from 1977 to the present day, celebrate the odd and everyday character of a city as its shape shifted over four decades. With essays by Pico Iyer and Salman Rushdie, as well as a candid conversation between Taraporevala and Siddharth Dhanvant Shanghvi, the works in this book are an original contribution to the social history of one of India's most diverse cities.
