Springboard mentor

Built by Girls mentor

Diamond DAO [Unifying onChain and offChain data](#)

Freelance product designer / Feb 2022 - Aug 2022

- Worked alongside our small team of 4 in research, scoping, and design of the MVP, which we then beta tested for v2
- Ran product and design process to iterate on the next launch
- Programmed several features for the app using React

Futureswap [Decentralized leverage trading](#)

Freelance product designer / Feb 2022 - Aug 2022

- Worked with CEO on research, scoping, and design of a platform redesign, mobile experience, and net new offering
- Set up all of the Fullstory pipelines, dashboards, and processes for app analytics on our most critical hypothesis

Oscar Health [Virtual-first healthcare and insurance](#)

Senior Product Designer & Design Manager / April 2019 - Feb 2022

- Led design on the Virtual Care team for our in house Electronic Medical Record, which is used by all of our 100+ clinicians.
- Drove several strategy initiatives to holistically review the platform and determine key projects to drive impact
- Managed 1 other designer on the team, supporting her career growth and opportunities in a closely collaborative setting

Focal Systems [Computer vision for retail stores](#)

Product Designer and Product Manager / Oct 2016 - March 2019

- Drove end-to-end product and design processes for all web and mobile platforms, used by 10 international retailers
- Conducted extensive user research efforts to define product roadmaps and evaluate business cases for all product lines
- Implemented metrics dashboards in Jupyter Notebooks
