

CISCO FSO TEST DRIVE

Service Overview:

At Netnology, we specialize in Cisco's Full-Stack Observability (FSO) implementation and integration services to expedite the adoption of Cisco FSO Solution. The test-drive offer will help customers develop a baseline understanding of Cisco FSO Solutions and its value proposition. This 2-4 hour session will demonstrate Netnology custom built medical healthcare provider use-case. It will also highlight ease of configuration and manageability of this integrated solution. This test-drive is built and delivered by subject matter experts (SME) who have extensive experience working with Cisco FSO Solution.

Solution Overview:

Cisco FSO Solution consist of AppDynamics, Cisco Intersight Workload Optimizer (IWO), and ThousandEyes. These services are or can be SaaS based applications for a smooth and fast up and running FSO Solution. Organizations can gain application performance and business insights from AppDynamics, while ensuring Application resource optimization with Cisco IWO. Also, will be able to see internet and network performance insights with ThousandEyes.

Cisco's FSO Solution will help provide better insight into the full end-to-end visibility from multi and hybrid cloud applications to end user internet traffic by utilizing the following capabilities.

- Application agents, end user agents, and environment agents
- All 3 technologies integration
- Application performance insights
- Resource optimizations
- Internet and network insights
- End-to-end application insights
- Ingest any telemetry from any domain including 3rd party platforms into its learning engine

Service Benefits:

Netnology has a team of world class engineers who specialize in Cisco Full-Stack Observability solution and are passionate about customer success. Netnology will partner with you to provide:

- Solution and use-case overview
- Step-by-step use-case demo

Service Scope:

As part of the 2-4 hour Test Drive engagement, Netnology will help with the following:

- Solution Overview
- Solution Value Proposition
- Solution Use-case Demo
 - Netnology Medical App under normal conditions

- AppDynamics view
- ThousandEyes view
- IWO view
- Netnology Medical App under stressed conditions
 - Delayed response times from AppDynamics
 - End User timeouts from ThousandEyes
 - Resource constraints from IWO
- Netnology Medical App remediation
- Netnology Medical App back to normal conditions
 - AppDynamics view
 - ThousandEyes view
 - IWO view
- Lessons learned and enhancements

Target Audience:

This service is designed for Pre and Post sales professionals selling, configuring, deploying, and managing the Cisco FSO Solution.
