2024 Physio Academy Practical Courses New Zealand

SAVE THE DATES

Are you ready to take your practice to new heights? Dive into our practical courses on shoulder pain and concussion management, designed to equip you with the latest evidence and hands-on assessment and rehabilitation skills to make a real difference with your patients.

✈️ **AUCKLAND, CHRISTCHURCH, DUNEDIN, INVERCARGILL, TAURANGA, & WELLINGTON**

▶️ **Shoulder Foundations:** Basic Assessment & Treatment

Master the basics of shoulder assessment, differential diagnosis and rehabilitation to get you treating common shoulder conditions with confidence. Perfect your hands-on assessment, sharpen your differential diagnosis skills and master treatment of the 'stiff' shoulder and basic scapula and rotator cuff rehabilitation.

📅 **6 April 2024 | CHRISTCHURCH**

▶️ **Shoulder Essentials:** Diagnosis & Management

Learn how to make an accurate diagnosis, confidently refer for imaging or injections and apply effective rehabilitation for frozen shoulder, traumatic shoulder instability and rotator cuff related pain. This course builds on the skills gained in Shoulder Foundations and takes a more in-depth look at differential diagnosis, management & rehabilitation of specific shoulder conditions.

📅 **7 April 2024 | CHRISTCHURCH** → 📅 **23 June 2024 | TAURANGA** → 📅 **15 September 2024 | INVERCARGILL**

▶️ **Rehabilitation of the Complex Shoulder**

Want to level up your rehab skills for complex shoulders? Join our NZ clinical experts Dr Angela Cadogan and Dr Jacqui Clark (Specialist Physiotherapists) in this 2-Day Practical Course and master assessment and rehabilitation for complex shoulder conditions. All principles from this course can be applied to any musculoskeletal condition.

📅 **9 & 10 March 2024 | TAURANGA** → 📅 **9 & 10 November 2024 | CHRISTCHURCH**

▶️ **The Role of the Physiotherapist in Concussion**

Become confident in assessing and treating the contributing factors to concussion and managing the rehabilitation process with the expert team of Dusty Quinn (Specialist Musculoskeletal Physiotherapist) and Bronagh Quinn (Neuro Physiotherapist). They demonstrate the hands-on techniques required for both the assessment and rehabilitation for patients with concussion injury.

📅 **24 February 2024 | DUNEDIN** → 📅 **27 April 2024 | AUCKLAND** → 📅 **14 September 2024 | WELLINGTON**
*Early-Bird Prices End 13 Jan 2024 *Early-Bird Prices End 13 March 2024 *Early-Bird Prices End 3 Aug 2024

🕒 **Early bird prices end 6 weeks prior to the event.**
Register early to secure your place and lock in early bird pricing!
