### **POSITION:** Full Stack Developer – Part-time/permanent

Baüne is looking for an enthusiastic and passionate Full Stack Developer. The Full Stack Developer is a member of Baüne's IT team and is responsible for the production of scalable software solutions. As a Full Stack Developer, you will be part of a cross-functional team that is responsible for the full software development life cycle, from conception to deployment. As a Full Stack Developer, you should be comfortable around both front-end and back-end coding languages, development frameworks and third-party libraries. You should also be a team player with a knack for visual design and utility.

### **What we need:**

- You have project experience as a Full Stack Developer or similar role
- You have experience developing desktop and mobile applications and familiar with common stacks
- You have knowledge of multiple front-end languages and libraries (e.g. HTML/ CSS, JavaScript, XML, jQuery)
- You have knowledge of multiple back-end languages (e.g. C#, Java, Python) and JavaScript frameworks (e.g. Angular, React, Node.js)
- You are familiar with databases (e.g. MySQL, MongoDB), web servers (e.g. Apache) and UI/UX design
- You have excellent communication and teamwork skills
- You have great attention to detail, organizational skills and have an analytical mind
- You are pursuing or completed of a Degree in Computer Science, Statistics or relevant field
- You are Canadian or permanent resident of Canada and living preferably in Alberta.

### **What we offer:**

You will experience the ins-and-outs of a fast-growing Startup with the opportunity to make a real difference. You will get to learn and work alongside high-performing entrepreneurs in an innovative and rewarding environment. You will work remotely but will need to be available from time to time on site for events. This is a part-time 6-month term starting January 2021, with the possibility of extension or can lead to a permanent and full-time position within Baüne Ecosystem Inc.

Join our team today to gain hands-on experience that shapes the next generation of business.

We are excited to meet with and hire top talent out there. We appreciate your interest in working with us; however, only those applicants selected for interviews will be contacted.

### **What are the pre-employment requirements?**

- A Resume and Cover Letter outlining relevant motivations for applying for this position.
- Language: French or English, preferably both

If you make the shortlist for this role, you will hear from us within 10 business days of the posting close date. We will also keep your application on file for future roles that you may wish to consider.

We are equal opportunity employer. If your application is shortlisted, you will participate in a digital interview for final selection.

### **How do I Apply?**
