- Medical insurance worth USD 80,000 which covers travel and Covid-19 during your stay in Malaysia is required. Coverage needs to include:
 - Extraction either via air/sea to the nearest medical centre for diagnosis of Covid categories 3-5.
 - Coverage for medical or accidents.
 - Body repatriation in case of death.
 - Daily quarantine allowance for positive cases.

7. Upon arrival at the entry point (airport):

- The Health Department will do the following checks and procedures:
 - Vaccination status
 - Health Declaration Form
 - Proof of the insurance coverage
 - MySejahtera application (Malaysian tracking app)
 - Then you proceed to do the PCR RMT Covid-19 test. Booking and payment needs to be done beforehand through the travel agent.
- The Immigration Department will do the following checks if your result is negative.:
 - Passport
 - Visa (if required)
 - Return flight (printed)
 - Tour Package (printed)
- Upon clearance with Immigration, you will be allowed to check in to the domestic transfer to Langkawi. For those who are not able to travel the same day can stay at a designated hotel around KLIA.

8. For those who stay in Langkawi beyond 7 days and wish to exit the island to a domestic location.

- You are required to do a RT-PCR Covid-19 test on Day 7 in a private clinic/hospital.
- When you exit by air or sea, the relevant authorities will check that,
 - You have stayed in Langkawi a minimum of 7 days, and
 - You have a negative test result
- Whether or not you are in Langkawi, you do not need a travel agent package beyond 7 days.

9. Exiting Malaysia

- An RT-PCR Covid-19 test is required 72 hours before departure.
- You are cleared to leave with a negative result.

10. Langkawi Travel Package

- All accommodation, return tickets, travel arrangements and travel itinerary must be made prior to travel with a travel agent licensed with MOTAC, together with payment receipts.
- Travel package needs to be up to 7 days.

11. Roles and responsibilities of the travel agent

- To ensure that travel packages including driver and vehicle comply as per the Health Department's SOP (standard operating procedure, i.e. protocols).
- To allocate a special room or sick bay to separate visitors who are symptomatic.
