Thanks for choosing Green Box Mechanical

Here's a little bit about your technician...

Gonzalo enjoys spending time with his family and going up to the mountain to snowboard. He also enjoys traveling and trying new foods. He likes to be barbequing with friends and family outdoors when the weather permits.

Gonzalo is a Marine Corps veteran and got into the electrical trade in part because he has family members in the trades as well. He has been an electrician for the last seven years and has experience in service work remodels, restoration, panel changes, and troubleshooting. Gonzalo has such a satisfying feeling wiring an empty house and coming back when finished to see all the lights turn on.

We are a forward-thinking company who incorporates progressive technologies and environmentally friendly products in the services we provide. Our unique approach is reason for optimism, as is our integrity. We look forward to working with you and hope you enjoyed getting to know your electrician, Gonzalo Arellano-Sanchez.
