CIRCUL8® max

Next Generation At Home DVT Prevention

PRECISION®
MEDICAL PRODUCTS
Circul8 Max is the next generation of at-home DVT prevention. No cords, no tubes, and industry leading 20+ hour rechargeable battery provides all day DVT prevention.

The risk of developing a DVT does not end when a patient is discharged from the hospital. Help prevent this risk with Circul8 Max, the next generation of DVT prevention.

**55 mmHg**
55mmHg of pressure delivered every 50 seconds

**LCD DISPLAY**
Largest LCD screen on the market

**TUBELESS & CORDLESS**
Fully mobile at-home DVT prevention system

**PROMOTE VENOUS FLOW**
New peanut bladder for additional circumferential force and calf placement freedom.

**LIGHTWEIGHT WRAP**
High tech threads complete with StayShape soft sewn binding for exceptional comfort & breathability.

**ALL-NEW NIGHT MODE**
Promote rest and recovery with Night Mode. Night Mode allows the patient to turn off LCD screen and reduce light emissions.

**50%**
50% of blood clots are healthcare related. And most occur **AFTER DISCHARGE**

**THE GREATEST RISK IS DOING NOTHING AT ALL**

Circul8 Max is the next generation of at-home DVT prevention. No cords, no tubes, and industry leading 20+ hour rechargeable battery provides all day DVT prevention.

**PEACE OF MIND FOR EVERYONE**

Circul8 Max offers 55 mmHg of pressure delivered every 50 seconds, the largest LCD screen on the market, fully mobile at-home DVT prevention system, new peanut bladder for additional circumferential force and calf placement freedom, high tech threads complete with StayShape soft sewn binding for exceptional comfort & breathability.

**THE RISK OF DEVELOPING A DVT CAN LAST UP TO 30 DAYS POST-SURGERY**

**A STEP ABOVE THE COMPETITION**
