NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS
FOR THE THREE AND NINE MONTHS ENDED APRIL 30, 2019 AND 2018
(Expressed in Canadian Dollars, unless otherwise stated)

1. NATURE AND CONTINUANCE OF OPERATIONS

Quartz Mountain Resources Ltd. ("Quartz Mountain" or the "Company") is a Canadian public company incorporated in British Columbia on August 3, 1982. The Company's corporate office is located at 1040 West Georgia Street, 15th Floor, Vancouver, British Columbia, Canada. The Company most recently focused on evaluating mineral prospects for potential acquisition and exploration in British Columbia. The Company continues to investigate potential opportunities. During the year ended July 31, 2018, the Company consolidated its share capital on a ten-to-one basis. These condensed consolidated financial statements reflect the share consolidation; all common shares have been retroactively restated.

These condensed consolidated interim financial statements (the "Financial Statements") of the Company as at and for three and nine months ended April 30, 2019, include Quartz Mountain Resources Ltd. and its subsidiaries (together referred to as the "Company"). Quartz Mountain Resources Ltd. is the ultimate parent entity of the group.

These Financial Statements have been prepared on a going concern basis, which contemplates the realization of assets and discharge of liabilities in the normal course of business for the foreseeable future. As at April 30, 2019, the Company had cash of \$111,548, a working capital deficit, and negative net assets. The Company's continuing operations are dependent upon new projects, the ability of the Company to obtain the necessary financing to complete exploration of any new projects, the ability to obtain the necessary permits to explore, develop, and mine new projects, and the future profitable production of any mine. These material uncertainties raise substantial doubt on the ability of the Company to continue as a going concern.

Substantially all of the Company's liabilities at April 30, 2019, were payable to Hunter Dickinson Services Inc. ("HDSI"), a related party with whom the Company has reached a debt settlement agreement (note 7(b)).

Additional debt or equity financing will be required to fund acquisition of mineral property interests. There can be no assurance that the Company will be able to obtain additional financial resources or achieve positive cash flows. If the Company is unable to obtain adequate additional financing, it will need to curtail its expenditures further, until additional funds can be raised through financing activities.

These Financial Statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) Statement of compliance

These Financial Statements have been prepared in accordance with International Accounting Standards 34, Interim Financial Reporting ("IAS 34"), as issued by the International Accounting Standards Board ("IASB") and its interpretations. Accordingly, they do not include all of the

QUARTZ MOUNTAIN RESOURCES LTD.
NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL STATEMENTS

(Expressed in Canadian Dollars, unless otherwise stated)

information and note disclosures as required by International Financial Reporting Standards ("IFRS") for annual financial statements.

The accounting policies and methods of computation applied by the Company in these Financial Statements are the same as those applied by the Company in its most recent annual consolidated financial statements filed on the Company's profile on SEDAR at www.sedar.com. These Financial Statements should be read in conjunction with the Company's financial statements as at and for the year ended July 31, 2018. Results for the period ended April 30, 2019, are not necessarily indicative of future results.

Issuance of these Financial Statements was authorized by the Company's Board of Directors on June 5, 2019.

(b) Basis of presentation

These Financial Statements have been prepared on a historical cost basis, except for financial instruments measured at fair value. In addition, these Financial Statements have been prepared using the accrual basis of accounting, except for cash flow information.

(c) Significant accounting estimates and judgments

The preparation of these Financial Statements in conformity with IAS 34 involved use of judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from such estimates.

In preparing these Financial Statements, significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements as at and for the year ended July 31, 2018.

(d) Basis of consolidation

These consolidated financial statements include the accounts of the Company and the subsidiaries that it controls. Control is achieved when the Company is exposed to, or has rights to, variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Intercompany balances and transactions, including any unrealized income and expenses arising from intercompany transactions are eliminated upon consolidation.

At April 30, 2019, and July 31, 2018, the Company held a 100% interest in QZMG Resources Ltd., a company that holds a 100% interest in Wavecrest Resources Inc.

(e) *Changes in accounting policies and new accounting pronouncements*

IFRS 9, Financial Instruments

On January 1, 2018, the Company adopted IFRS 9, *Financial Instruments* ("IFRS 9") which replaces IAS 39, *Financial Instruments: Recognition and Measurement* ("IAS 39") in its entirety.

The Company has applied the changes in accounting policies retrospectively; however in accordance with the transitional provisions in IFRS 9, comparative figures have not been restated. The adoption of IFRS 9 has not had a significant effect on the Company's accounting policies related to financial liabilities.

New standards and interpretations issued by IASB, or modification of existing standards, applicable during the current period do not have material impact on these Financial Statements.

IFRS 16, Leases

The IASB issued IFRS 16, *Leases* ("IFRS 16") in January 2016, effective for annual periods commencing on or after January 1, 2019. IFRS 16 specifies how to recognize, measure, present and disclose leases. IFRS 16 provides a single lessee accounting model, requiring the recognition of assets and liabilities for all leases, unless the term of the lease is twelve months or less or the underlying asset has a low value. Lessor accounting however remains substantially unchanged from IAS 17 and the distinction between operating and finance leases is retained.

The adoption of IFRS 16 did not have an impact on these financial statements.
