Quartz Mountain Resources Ltd.

Notes to the Condensed Interim Consolidated Financial Statements

For the three and nine months ended April 30, 2017 and 2016

(Unaudited - Expressed in Canadian Dollars, unless otherwise stated)

1. NATURE AND CONTINUANCE OF OPERATIONS

Quartz Mountain Resources Ltd. ("Quartz Mountain" or the "Company") is a Canadian public company incorporated in British Columbia on August 3, 1982. The Company's corporate office is located at 1040 West Georgia Street, 15th Floor, Vancouver, British Columbia, Canada. The Company is primarily engaged in the acquisition and exploration of mineral properties.

These condensed interim consolidated financial statements (the "Financial Statements") of the Company as at and for the three and nine months ended April 30, 2017 include Quartz Mountain Resources Ltd. and its subsidiary (together referred to as the "Company"). Quartz Mountain Resources Ltd. is the ultimate parent entity of the group.

These Financial Statements have been prepared on a going concern basis which contemplates the realization of assets and discharge of liabilities in the normal course of business for the foreseeable future. As at April 30, 2017, the Company had cash of \$236,450, a working capital deficit, and negative net assets. The Company's continuing operations are entirely dependent upon the existence of economically recoverable mineral reserves, the ability of the Company to obtain the necessary financing to complete the exploration and development of these projects, the ability to obtain the necessary permits to mine, and the future profitable production of any mine.

These material uncertainties raise substantial doubt on the ability of the Company to continue as a going concern.

Substantially all of the Company's liabilities at April 30, 2017 were payable to Hunter Dickinson Services Inc. ("HDSI"), a related party with whom the Company has reached a debt settlement agreement (note 6(b)).

Additional debt or equity financing will be required to fund acquisition, exploration and development of mineral property interests. There can be no assurance that the Company will be able to obtain additional financial resources or achieve positive cash flows. If the Company is unable to obtain adequate additional financing, it will need to curtail its expenditures further, until additional funds can be raised through financing activities.

These Financial Statements do not include any adjustments to the amounts and classification of assets and liabilities that may be necessary should the Company be unable to continue as a going concern.

2. SIGNIFICANT ACCOUNTING POLICIES

(a) *Statement of compliance*

These Financial Statements have been prepared in accordance with International Accounting Standards 34, Interim Financial Reporting ("IAS 34"), as issued by the International Accounting Standards Board ("IASB") and its interpretations. Accordingly, they do not include all of the information and note disclosures as required by International Financial Reporting Standards ("IFRS") for annual financial statements.

Quartz Mountain Resources Ltd.

Notes to the Condensed Interim Consolidated Financial Statements

For the three and nine months ended April 30, 2017 and 2016

(Unaudited - Expressed in Canadian Dollars, unless otherwise stated)

The accounting policies and methods of computation applied by the Company in these Financial Statements are the same as those applied by the Company in its most recent annual consolidated financial statements which are filed on the Company's profile on SEDAR at www.sedar.com. These Financial Statements should be read in conjunction with the Company's financial statements as at and for the year ended July 31, 2016. Results for the period ended April 30, 2017 are not necessarily indicative of future results.

Issuance of these Financial Statements was authorized by the Company's Board of Directors on June 13, 2017.

(b) Basis of presentation

These Financial Statements have been prepared on a historical cost basis, except for financial instruments measured at fair value. In addition, these Financial Statements have been prepared using the accrual basis of accounting, except for cash flow information. Certain comparative amounts have been reclassified to conform to the presentation adopted in the current year.

(c) Significant accounting estimates and judgments

The preparation of these Financial Statements in conformity with IAS 34 involved use of judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from such estimates.

In preparing these Financial Statements, significant judgements made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements as at and for the year ended July 31, 2016.

(d) Basis of consolidation

These consolidated financial statements include the accounts of the Company and the subsidiaries that it controls. Control is achieved when the Company is exposed to, or has rights to, variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

Intercompany balances and transactions, including any unrealized income and expenses arising from intercompany transactions, are eliminated upon consolidation.
