To Whom It May Concern:

AC DOB is Florida Memorial University's primary exterior LED vendor providing comprehensive LED lighting solutions for a 50-acre University campus. AC DOB has proven to be a valuable and trusted vendor partnering with Florida Memorial University to provide quality exterior LED lighting products at very competitive rates.

AC DOB has been providing exterior LED lighting fixtures and lighting solutions for the past three years with excellent results. Their product failure rate after three years is 0% with over 200 plus fixtures ranging from street lighting to building canopy lighting.

AC DOB always provides Florida Memorial University with professional services through a very dedicated and competent staff. In addition, one of the greatest attributes reflective of AC DOB is their quick responsiveness to supporting this account for technical or product support, as Florida Memorial University has never been disappointed by their response time and follow-up

Mr. Bartholomew Park is always a telephone call away, should the University have a concern or need immediate assistance. Mr. Bartholomew continuously strives to ensure the University is happy with his services and products through direct and open communications.

Based on the quality of service and products provided to Florida Memorial University, I highly recommend AC DOB for all your exterior LED lighting needs.

Please feel free to contact me at 305-815-8039, should you have any questions or need additional information.

David Jaccarino

Florida Memorial University
