

8-10 Week Schedule.

Time Commitment – 3-4 hours/week

This is the OPTIMAL schedule. It gives you enough time to prepare, but it's brief enough that you can remain focused and not lose steam. The idea is to hit your stride coming into the ACT test.

Week 1:

- Watch all English Videos and Do Corresponding Practice Questions
- Study Flash Cards with English Strategies & Grammar Rules. (Potentially add a link to Quizlet.)

Week 2:

- Take English Section of ACT Test (Entire section, all at once). Review Questions you missed to figure out why.
- Watch Reading Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Reading Test) to check for comprehension – do this UNTIMED.

Week 3:

- Take English and Reading Sections of ACT Test (Entire sections, all at once.) Review Questions you missed to figure out why.
- Watch Science Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Science Test) to check for comprehension – do this UNTIMED.

Week 4:

- Take English, Reading and Science Sections of ACT Test (Entire sections, all at once.) Review Questions you missed to figure out why.
- Watch Math Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Math Test) to check for comprehension – spend about an hour to hour and a half on this (no longer).
- Study Flash Cards of Math Formulas/Equations
- Watch "How to Take ACT Practice Tests" video.

Week 5:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards

Week 6:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards

Week 7:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards

Week 8:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards

Week 9:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards

Week 10:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards

*The beginning 4 weeks are the same schedule no matter what. Have additional weeks before the test gives you an opportunity to take additional practice tests – this is a VERY important step for taking the ACT. Remember: Practice makes ALMOST perfect.

6 Week Schedule.

Time Commitment – 3-4 hours/week

This schedule looks very similar to the 8-10 week schedule, BUT there is not as much opportunity for full-length ACT practice tests.

Week 1:

- Watch all English Videos and Do Corresponding Practice Questions
- Study Flash Cards with English Strategies & Grammar Rules. (Potentially add a link to Quizlet.)

Week 2:

- Take English Section of ACT Test (Entire section, all at once). Review Questions you missed to figure out why.
- Watch Reading Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Reading Test) to check for comprehension – do this UNTIMED.

Week 3:

- Take English and Reading Sections of ACT Test (Entire sections, all at once.) Review Questions you missed to figure out why.
- Watch Science Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Science Test) to check for comprehension – do this UNTIMED.

Week 4:

- Take English, Reading and Science Sections of ACT Test (Entire sections, all at once.) Review Questions you missed to figure out why.
- Watch Math Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Math Test) to check for comprehension – spend about a hour to hour and a half on this (no longer).
- Study Flash Cards of Math Formulas/Equations
- Watch "How to Take ACT Practice Tests" video.

Week 5:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards
- OPTIONAL (but encouraged): Take another ACT test, if time allows.

Week 6:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards
- OPTIONAL (but encouraged): Take another ACT test, if time allows.

4 Week Schedule: Complete Curriculum.

Time Commitment – 6-8 hours/week

This schedule requires a lot more time each week so that you can work through roughly the same amount of material as does the 6-week schedule, but over a shorter time-span.

Week 1:

- Watch all English Videos and Do Corresponding Practice Questions
- Study Flash Cards with English Strategies & Grammar Rules.
- Take English Section of ACT Test (Entire section, all at once). Review Questions you missed to figure out why.
- Watch Reading Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Reading Test) to check for comprehension – do this UNTIMED.
- Take another English Section and another Reading Section of ACT Test (Entire sections, all at once.) Review Questions you missed to figure out why.

Week 2:

- Watch Science Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Science Test) to check for comprehension – do this UNTIMED.
- Take English, Reading and Science Sections of ACT Test (Entire sections, all at once.) Review Questions you missed to figure out why.
- Watch Math Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Math Test) to check for comprehension – spend about a hour to hour and a half on this (no longer).
- Study Flash Cards of Math Formulas/Equations
- Watch “How to Take ACT Practice Tests” video.
- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.

Week 3:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards
- Take another full ACT test. Review Questions missed.

Week 4:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards
- Take another full ACT test. Review Questions missed.

4 Week Schedule: Condensed Curriculum.

Time Commitment – 4 hours/week

This schedule hits on the most important strategies for each section. Though not ideal because it doesn't cover the complete curriculum – it does get you through all of the basics!

Week 1:

- Watch English Videos 1-10, and Do Corresponding Practice Questions
- Study Flash Cards with English Strategies & Grammar Rules.
- Take English Section of ACT Test (Entire section, all at once). Review Questions you missed to figure out why.
- Watch Reading Videos (all) and Do Corresponding Practice Questions (as well as the rest of that ACT Reading Test) to check for comprehension – do this UNTIMED.
- OPTIONAL: Take another English Section and another Reading Section of ACT Test (Entire sections, all at once.) Review Questions you missed to figure out why.

Week 2:

- Watch first four Science Videos (28-31) and Do Corresponding Practice Questions (as well as the rest of that ACT Science Test) to check for comprehension – do this UNTIMED.
- Watch Math Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Math Test) to check for comprehension – spend about an hour on this.
- Study Flash Cards of Math Formulas/Equations
- Review Reading and English strategies/flash cards.
- OPTIONAL: Take additional English, Math, Reading and Science sections as time allows. Review questions you missed.

Week 3:

- Watch "How to Take ACT Practice Tests" video.
- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards
- OPTIONAL: Take another full ACT test.

Week 4:

- Take Entire ACT test (all at once, with appropriate breaks, if possible). Review Questions you missed to figure out why.
- Review all Flashcards
- OPTIONAL: Take another full ACT test.

2 Week Schedule: Crash Course

Time Commitment – 4 hours/week

This schedule is a last-ditch cramming effort before the ACT exam. While this schedule hits on the most important strategies for each section, you won't have time for additional practice. If you can add additional study time, work more quickly through the videos/strategies and add in more practice tests on Week 2!

Week 1:

- Watch English Videos 1-10, and Do Corresponding Practice Questions
- Study Flash Cards with English Strategies & Grammar Rules.
- Take English Section of ACT Test (Entire section, all at once). Review Questions you missed to figure out why.
- Watch Reading Videos (all) and Do Corresponding Practice Questions (as well as the rest of that ACT Reading Test) to check for comprehension – do this UNTIMED.
- OPTIONAL: Take another English Section and another Reading Section of ACT Test (Entire sections, all at once.) Review Questions you missed to figure out why.

Week 2:

- Watch first four Science Videos (28-31) and Do Corresponding Practice Questions (as well as the rest of that ACT Science Test) to check for comprehension – do this UNTIMED.
- Watch Math Videos and Do Corresponding Practice Questions (as well as the rest of that ACT Math Test) to check for comprehension – spend about an hour on this.
- Study Flash Cards of Math Formulas/Equations
- Review Reading and English strategies/flash cards.
- OPTIONAL: Take additional English, Math, Reading and Science sections as time allows. Review questions you missed.
