

Got yourself in a dilemma of choosing the suitable vape pen?

MSB Pro is here for the rescue. Newbie friendly pen-shaped design and 3 heat settings will help/you find/your favorite sweet spots. Switching heat levels by only 3 clicks on the button is both convenient and playful. The micro sensor at the bottom enables you to activate M3B Pro with one draw and no other gimmicks. Upgrade your game with M3B Pro.

Blue indicator light

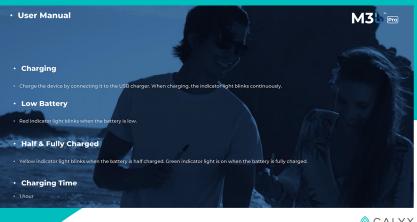

Green indicator light
