

One of the Fox Valley's Leading I.T. Companies is looking for a **Web Developer**. We are the I.T. department for businesses that do not require a full time I.T. person. We are looking for a talented individual who enjoys using their skills to improve other companies. Projects are based on providing improvements and additions to client systems and no two projects are identical. We are located in Appleton, Wisconsin. Flexible Schedule. Wage is competitive based upon experience.

#### THE COMPANY

- **Our Vision:** To enhance the lives of our employees, our clients, our community, our vendors, and our shareholders.
- **Our Mission:** To use technology to build better small businesses.

#### A SUCCESSFUL TECH GUIDE IS

- **Highly Intelligent** - Able to figure out anything and eager to do it.
- **Humorous** - Able to see the humor in everyday occurrences.
- **Honest** - You will do what is right for the client, whether or not that is what is best for you.
- **Confident** - You are good, and you know it, not because you are arrogant, but just because you are good.
- **Easily Bored** - You thrive on ever changing challenges and new technologies.
- **Helpful** - Someone who likes to teach other people.
- **Independent** - Just give me the goal and let me get there; I'll tell you when I'm done.

#### THE POSITION

- Development using Microsoft SQL, Microsoft Access, and MySQL
- Writing code using PHP and JavaScript
- Web Design using Bootstrap, WordPress, and Laravel
- Project quoting
- Communications between internal operations and technicians/clients/vendors

#### SKILL REQUIREMENTS

- Microsoft SQL proficient
- Microsoft Access proficient
- Microsoft Office proficient
- Desire to pursue improvement of systems and streamline given tasks
- Ability to work under recurring deadlines
- Detail oriented
- Excellent organizational and time-management skills
- Self-motivated to complete projects without direction
- General ease of navigating through web-based platforms
- People skills, you may work on machines, but you aren't one

#### BONUS SKILLS

- Previous employment in an I.T. environment is a plus
- Analytical mindset: you will be working with geniuses
- Can calmly balance a full workload while riding a unicycle and juggling SSDs
- A fan of using GIFs on Microsoft Teams; seriously, we use a lot of GIFs
- Fluent in JavaScript (as well as Klingon)
- Quick-wit and the ability to recite movie lines is a bonus
- Knowledge of nerdy movies and video games will help you fit in, but is not "required"
